In passing, we have noted the various merits of the three Battalions of Culver—the Infantry blue, the Artillery red, and the Cavalry yellow. In the Roll Call we see the three banded into one group, the Culver Corps of Cadets. With petty rivalry forgotten, we stand together—the Culver Regiment.

The Infantry

THE INFANTRY, the blue of the regimental colors, is emblematic of flashing ranks of grey-clad cadets. Banded together by long periods of drill and field problems, as well as the comaraderie of parade formations, the infantry is Culver's oldest branch of service. Steeped in tradition, this year's battalion has held high the standards set by previous corps.

Tactical Staff

A staff of men, seldom in the light of glory, the Infantry tactical staff, is due a great consideration for the hours and years of guidance they have offered us. Motorized

The Motorized Infantry is one of Culver's newest organizations. It was organized in 1936, after being donated to the school by the Father's Association. Tactical Officer Captain Moore has devoted much of his time to the correlation of the unit as a regular Infantry organization at parades and reviews. Cadet Lieutenant Kenneth J. Altorfer commanded the unit this year, assisted by Cadet Lieutenants Sam K. Vierson, Donald H. Ferguson, and William R. Kennedy.

Motorized Infantry

Members of this year's Motorized Infantry Company were Altorfer, Ferguson, Vierson, Twente, Goodman, Ward, B., Hunn, Kohler, Spitzer, Schwartz, Akers, Gilman, Lawyer, Rosenbaum, Burkhardt, P., Castillo, D., Castillo, J., Miller, A., Stiles, Earll, and DeGeorge. The Cavalry

THE CAVALRY, and the Black Horse Troop, Culver's highly touted mounted squadron, has long been a source of pride within its organization and throughout the school as a whole. As an honorary escort to famous persons, the Troop has gained a national reputation as an outstanding organization, composed of uniformed cadets astride black mounts of uniform color and size. This year's Troop did not fail to measure up to the marks set by its predecessors.

Riding Hall

Culver's riding hall is one of the outstanding stable combinations in the country, and certainly the finest of the military school buildings. Incorporated into the structor is a stable arrangement in convenient and sanitary style, locker rooms for the Troopers, as well as the large arena, covered with tanbark. The hall is equipped with a large tiered gallery where guests may watch mounted exhibitions, as well as the indoor polo field, complete with goals and scoreboards.

The Artillery

THE ARTILLERY has this year contributed much to the esprit and appearance of the corps. With the recent addition of the motorized unit, the Battery has taken on new life and spirit. These innovations to the regular horse-drawn service has made the nation's only preparatory school artillery unit a well known figure at Culver as well as a proud organization.

The Arsenal

As Culver grows so do the extra-curricular activities within it. In 1940 there were some thirty different clubs, all striving to have the best organization in school.

Whether newspaper work, drill or entertainment, each did its part in helping to make life at Culver more enjoyable.

Activities

First Class Officers

The year 1940 saw one-hundred-forty men wearing white stripes and first class rings. Among those we find athletes, good officers, and swell fellows.

Most of the first classmen started together; some two years ago, some three, and a few of the fellows four years ago. Stripes did not hinder friendships fortunately, and all white stripers joined in enjoying the privileges they were accorded. Included in the privileges was "the book", the first class garden, and the use of the Culver Legion Chapter Room.

The clubroom idea, as inaugurated several years ago, was again used, and it proved itself successful to the utmost. Much of the credit for the success goes to the class officers, who strived to make the 1940 class one that will long be remembered. This year's president, Benjamin Cassiday, did a fine job. Other officers were Albert Allen, vice president; Robert Plachta, secretary; and Donald Stackhouse, treasurer. Besides their other duties these men kept the first classmen in touch with the class advisor, Col. Fleet.

As June passes so will the 1940 first class go to take its place in Culver history.

Cadet Club

Culver's only honorary organization is the Cadet Club, and membership in this Club is restricted to cadet captains and cadets who have three or more years of service. This year's club was made up of forty men with Benjamin Cassiday, president; John McWilliams, vice president; Robert Plachta, secretary; John McCallister, treasurer. The faculty advisors were Col. McKinney and Lt. Weller.

The Cadet Club is governed by its own constitution, which has a preamble and eleven articles; it is the constitution which determines the duties of the Club.

The Club was started in 1919 by Thomas Hart Kennedy for the purpose of upholding Culver traditions and keeping high standards in the corps. Other functions of the club are to act as a link between the Culver Legion and the corps and to entertain visiting athletic teams.

Members of the Cadet Club this year were Todd, Twente, Burkhardt, McCallister, McWilliams, Schminke, Ward, Plachta, Altorfer, Latter, Houcek, Bottomley, Miller, MacGill, Orr, Eades, Cassiday, Stackhouse, Farr, Arthur, Elser, Foster, Gardner, McKone, Mills, Clements, Campbell, Schey, Harris, Allen, Bransfield, Bockhoff, Johnston, Taliaferro, Mulliken, Reams.

Left to right, Stackhouse, Allen, Cassiday, Plachta.

Left to right, Plachta, McCallister, Steffes, Stackhouse, McWilliams, Thomas, Cassiday, Allen.

Hop Club

To the Hop Club the corps is much indebted for the fine formals and informals which were held during the year. This year's Club is to be heartily congratulated for making the 1940 social affairs successful.

The success of the dances was due to several factors; among them was the fact that the club had good orchestras for Thanksgiving and Easter. For the former dance Jimmy Garrigan played; while Boyd Raeburn furnished the music for the latter occasion. The orchestra for commencement had not been selected when this copy was written.

According to precedent all commissioned officers were automatically made members; and from themselves they chose the club's officers. Benjamin Cassiday presided over the club, and to assist him were Eugene Steffes, first vice president; John McWilliams, second vice president; Robert Plachta, third vice president; John McCallister, secretary; Donald Stackhouse, fourth vice president; J. B. Thomas, fifth vice president; and A. C. Allen, treasurer.

At the dances these men could be recognized by their silk maroon and white ribbons.

This year, as for the past several years, Col. A. R. Elliott was the faculty advisor for the club.

Honor Guard

Snap and precision are the by-laws of the Culver Rifles Honor Guard. The Guard, formed at the beginning of each school year of the best drilled men in the Infantry has now become a tradition at Culver; and it is the only unit in school using the old type organization and drill. The decision to keep the old formations was made by Col. McKinney and Col. Johnston; it was announced at the Thanksgiving exhibition.

Col. W. G. Johnston, veteran Honor Guard tactical officer, was in charge of the Guard at Thanksgiving, but during his absence the second semester, Captain K. Moore took charge.

Officers of the Honor Guard this year were John McWilliams, Captain; Robert Plachta and John McCallister, Lieutenants; Eugene Steffes, First Sergeant; Earle Dooley, Supply Sergeant; Donald Ferguson, Wallace Dunlap, and Kenneth Altorfer, Sergeants; Paul Burkhardt, Albert Piggott, J. B. Thomas, Frank Houcek, Theron Ward, and Milton Latter, Corporals; and Robert Schminke, Corporal and Guidon Bearer.

Dramatics

The enviable record of last year's Dramatics Club has been at least equaled by this year's club. Under the expert guidance of Maj. Charles C. Mather, a fine selection of plays was presented to the Culver audiences. The first play, at Thanksgiving, was "So This Is London" a comedy which featured Jack Kirksmith and Miss Beverly Hoge. W. K. Collins, C. K. West, W. C. Goodman, and Mrs. H. C. Bays also did outstanding work in the Thanksgiving performance.

At Easter the Culver actors presented "Black Coffee" a mystery by Agatha Christie; in this play Marvin Gray had the masculine lead and Miss Carolyn Griesse led the feminine cast.

At the time of the writing of this article the Commencement play had not been selected; however, Major Mather promised the corps a fine performance.

Glee Club

Many a Sunday the Glee Club gave enjoyment to the corps with its fine renditions of classical selections. At Chapels the Glee Club always added a certain amount of diginity and grace; and from their offerings one could see that much time had been spent in preparation.

As in past years the Glee Club managed to give three outstanding performances; these were at Thanksgiving, Easter, and Commencement. For these performances the members of the Club gave up much of their own time for rehearsals.

The president of this year's Glee Club, Theron Ward, and the librarian, Norris, did their utmost to help Captain Barada have another successful year as the Club's director.

For diligence in their work, all members of the Glee Club were awarded medals at the end of the year.

Quill

As a result of the concerted effort and superb cooperation of members of the Quill staff, three fine editions of the Quill appeared; one at Christmas, one at Easter, and one at Commencement.

This year the Quill was organized under an entirely new system. Each company had a representative, and all material for the publication was turned into the company representative. Representing the different companies were M. Campbell, W. Mackoff, F. Brewster, W. Goodman, H. Hackman, L. Rapport, and A. Lange.

The work appearing in the Quill this year shows a decided improvement over former years. Both the prose and poetry were more advanced as to interestingness and literary technique.

Dr. Irving McKee was for his third year faculty advisor of the publication.

Vedette

Appearing 35 times during 1940, the Vedette completed forty-four years of publication. Besides furnishing much pleasure for the corps, the Vedette also proved an able liason between the school and the alumni; each week over two thousand copies were sent out. The outstanding department of "the weekly" proved to be the features, which each week gave us many interesting articles such as "The Calendar" and "Songs and Such". "The Phantom", Harry Hackman's gossip column, was also a great success.

Another high point of this years Vedette was the edition which was put out by the faculty; although a novel idea this year, it is hoped that each year a similar one will appear.

The editorship of the Vedette was ably held this year by Werner Janssen; assisting him were Wilfred Trovillion, news editor; Frank Sewell, sports editor; and Kenneth Adams, business manager.

Dr. Irving McKee completed his third successful year as faculty advisor for the paper.

Cum Laude

The highest reward for academic achievement at Culver is admittance to the Culver Chapter of Cum Laude. Twice each year elections are held; first at Easter, when the top men of the First Class are initiated and then at Commencement, when another group of high men are elected.

The requirements for Cum Laude are few but rigid; first, a cadet must have an outstanding academic record based on his last three semesters work. The cadets who met these requirements at Easter this year were: William McNagny, John McWilliams, Robert Plachta, Howard Hibbet, and James Frankel.

Cum Laude was started at Tome school in 1905; it first appeared in Culver in 1925. Since that time it has been a goal for many cadets. Besides having cadets in Cum Laude, Culver has many officers in its Chapters. Among them are Col. J. S. Fleet, who is president of the Culver Chapter, and Col. Kellam who is secretary.

Gold A's

The second highest academic honor conferred by the academy is the awarding of the Gold A's. Cadets who strive for this high recognition must have a numerical scholastic average of 4.50 quality points with no semester grade below B plus and a discipline grade of "Good" or above. This year a greater percent of the cadets received the award than in the last few years.

Those cadets who received the Gold A award for the first semester were: Bassett, Bullock, Castillo, J., Donovan, Dunlap, Dunlap, W. P., Frankel, Griese, Hibbett, Hiestand, McElroy, McNagny, McWilliams, Massey, M. M., Odell, Plachta, Schacht, Scharff, Sommer, Stephenson, Stevens, Teasdale, Terwilliger, Thomas, P. A., Viersen, Winchester.

Left to Right: Col. Fleet, Plachta, McWilliams, McNagny, Hibbett, Frankel, and Col. Kellam.

Left to Right: Royal, Todd, Bonynge, Dixon, and Baker.

Silver A's

To those cadets not able to meet the requirements for the Gold A, the Academy offers the Silver A award. To receive this award a cadet must have a numerical scholastic average of 3.75 quality points with no grade below C plus and a discipline rating of "Good" or above.

A few years ago when the Superintendent, Colonel Gregory, was the Dean of the Faculty, he began the academic honors system. To receive a high honor rating in any subject a cadet must make an A plus. Honor ratings are given to those cadets making A's. These awards, unlike the Gold and Silver A awards, are given at the end of each academic month.

Those cadets who receive Silver A's for the first semester were: Arganbright, Becher, Brewster, Bridges, Brown, D., Brown, W., Cassiday, Davenport, DeLancey, Douglas, Eaton, Eichmuller, Elser, Foster, Gault, Gould, Graf, Gray, Hanover, Hardy, Henderson, Hoier, Janssen, Kelley, Kincheloe, Kostner, Lydon, McGaughey, MacGill, Massey, Maxson, Muirhead, Norris, Parker, P., Peddicord, Phillips, Rees, Roberts, Sadler, Spitzer, Stants, Taliaferro, Thayer, Trovillion, W., Weiss, West, C., Wright, Stevenson, Zazas.

Cheer Leaders

All moral support given the different athletic teams this year was directed by the five varsity cheer leaders. Captain of the cheer leaders was the veteran Russel Bonynge who completed two years of service. Assisting him were William Baker, DeSalles Todd, Joe Royal, and George Dixon.

Throughout the year the cheer leaders were active; they led the snake dances and pep meetings during football season; during basketball the cheer leaders always spurred on the teams with frequent cheers and yells; another thing which the cheer leaders did was to give yells in the mess hall for all departing Culver teams.

All in all the cheer leaders completed a very successful year of helping to lead the Culver teams to so many victories.

Orchestra

The Culver Jazz Band, ably led by Roper Peddicord and his trumpet, entertained this year in the mess hall on Thursday nights and at several informal dances. "Hot Lips" Lummis with his inspired renditions on the trumpet was the outstanding member of the brass section while Wolfram's tenor sax playing was the spark plug of the reed section. The rhythm section led by Herbst's excellent drum work was supported by Bransky's bass. Other members of the "Corn Huskers" were Allen, G. W.—Saxophone; Hibbett—piano; DeLancey—trombone; Kemmerer—vocalist; Mills, D. W.—trumpet; Trovillion—trombone; and Stevens—saxophone.

We might add that this year's band has been one of the most progressive seen here at Culver in many years. Their use of outstanding orchestral arrangements and the new "Fronts" purchased added color and a realistic atmosphere.

Varsity Club

One of the highest goals a Culver cadet hopes to attain is to be in the Varsity Club. That honor can be won by any cadet who meets the requirements of the athletic department by earning a "letter". All lettermen are automatically members.

The club was introduced in Culver in 1926 by J. A. Hienzenman for the purpose of promoting sportsmanship in Culver athletics.

Captains of the teams for 1940 were J. B. Thomas, football and track; John McWilliams, basketball; D. McKone and J. Mulliken, swimming; Taliaferro, crew; L. L. Farr, polo; W. A. Williams, tennis; W. F. McNagny, cross country; A. C. Allen, wrestling; W. Gardner, rifle; D. Hernandez, golf; Doolittle and Carlo, boxing, and Steffes and Schminke, baseball.

Y. M. C. A. Cabinet

Unknown to many cadets the Y.M.C.A. plays a large part in life here at Culver, and though its work is inconspicious, it is far from unimportant.

The Y's most important work is the advancement of religious activity in the corps. In that field two big steps were taken by the cabinet this year. The first of those steps was reorganizing the Discussion Groups which proved quite successful.

Another step toward religious advancement was the way the Y.M.C.A. Cabinet conducted Sunday afternoon Vespers. Each week two members of the cabinet took charge; the first man read the Scripture and the second one read the prayers.

This year's cabinet was composed of thirteen men, representing all the organizations in school. Officers in the cabinet were Benjamin Cassiday, president; John McWilliams, vice president; and Robert Plachta, secretary. The faculty advisor of the cabinet was Captain C. S. McMinn.

Lancers

This year the Lancers were revived from the days of old to form the most thrilling exhibition group at Culver. They bring to the minds of all, days of the knights errant on their prancing chargers. The Lancer platoon is composed of members of the Black Horse Troop who have demonstrated their ability to go beyond the ordinary requirements of the regular cavalry drill. These cadets have spent much of their own time in preparation for the exhibitions in which they participate. All of the drill is executed with a musical accompaniment, and when the maneuvers have been completed, the Lancers leave the riding hall by jumping through a flaming hoop. Much credit for organizing the Lancers should go to Major Whitney, Captain Stone, and Cadet Captain Gardner. The following named cadets compose the regular and alternate members of the organization: Adams, K. S., Allen, A. C., Becher, Bransfield, Bridges, Campbell, G. Y., Clements, F. B., Connors, Dietler, Fee, Gardner (Captain), Gits, Harris, D. F., Harris, R. W., Hubbard, W. C., Jenkins, Jones, E., Kemmerer, Lange, Long, McKone, Mills, Mulliken, Noble, Phillips, Reams, Royal, Schafer, Schey, Stanton, Taliaferro, Wilkin, Williams, Bentley Drake, Foster, Huston, Johnson, Kolter, Mahan, Paty, Phagan, Robb, Schacht, W. F. Soles.

Kneeling, left to right: Johnson, Harper, Miller.

Standing, left to right: Choate, Brody, Rielly, Mandle, Burkhart Jones.

Field Trials Club

This year the Field Trials Club is in its sixth year as an organized group. Much of the credit for the success of the club goes to Major Leonard, who has guided it. Assisting him and exercising direct authority over the Club were Arthur Miller, president; Elridge Johnson, vice president; R. L. Harper, secretary; and Albert Piggott, treasurer.

The purposes of the Field Trials Club are to acquaint cadets with sporting breeds on the bench and in the field, to sponsor dog shows, and to help to train the dogs for the field. Other goals are to promote good fellowship and to increase interest in the conservation of game birds.

Frequently different members of the Field Trials Club went to Chicago to witness and to participate in dog shows.

Honor Council

The Honor Council, composed of at least one member of each organization, is the board set up to enforce the school's Honor Code. The Honor Code was inaugurated last year by Willis Maxson with the consent of the 1939 corps for the purpose of raising the standards of Culver. The main function of the Council is to investigate unfair work in the corps; and to deal with the offenders. Each case is handled individually and punishment assigned according to the seriousness of the action.

In its two years of existence the Honor Council has done much to benefit the ideals of Culver, and its work is steadily progressing. This year the Council had two officers; Benjamin Cassiday was president and John McWilliams was secretary. Other members were A. R. Twente; J. B. Thomas, W. P. Dunlap, K. J. Altorfer, R. A. Plachta, A. J. Eades, D. W. Mills, G. Y. Campbell, A. C. Allen, L. S. Rapport, and W. E. Foster.

Roll Call

We hope that this Roll Call, published by the First Class, will serve as a memento of many enjoyable days spent at Culver. Throughout the book we have tried to portray the significance of the Landmarks on our campus. To get this publication out, six cadets really did some work with only self-satisfaction as a reward. Many a night was spent to complete what we hope is to be the best Roll Call in Culver's history.

The big-shot of the staff, our Ralph—"Stop me if you've heard this one" Harris did his utmost to direct all of us. "We'll never get this book out" MacGill could always be found working in the office. Mole—"These typewriters are really terrible" Latter was always there when anyone was needed. Kenny—"Has anyone an extra smoke" Altorfer was always willing to help with extra work. Boots—"I can't work without the dummy, Ralph" Steffes was always on hand to keep us in good spirits. Last but not least, Termite—"Mind if I get a little informal" Todd was our man of finances. It was unto him that we trusted our meager funds.

In closing, we, the editors, would like to express our sincere gratitude to, first and foremost, Captain "Herby" Keller for his continual assistance and willingness to offer his advice.

To the countless legions of cadets who have attended Culver, a memorial familiar to us all is the fountain near the entrance to the Recreation Building. To us it symbolizes friendship and teamwork, learned from cooperation in sports.

Football

While most of us Culver Cadets were still enjoying the last few days of our summer vacation, thirty some odd future gridiron stars were whipping into shape for a tough schedule against outstanding prep school teams from the middle west. Even from the beginning one prominent factor stood out, and that was the fight and everlasting spirit that the team possessed. This spirit was due mainly to the team's captain and the best end that ever played on a Culver team, J. B. Thomas. As usual with a southerner, he was the spark that set the machine going.

Coach Oliver started and ended his fourth year as Coach in a highly commendable fashion. He worked the boys hard and really put them into shape as he knew what his team would be up against in the games to come. He also wanted to avenge the only two defeats suffered last year against Shortridge from Indianapolis and St. Bede from Peru, Illinois. He almost satisfied his desire by beating St. Bede but the game with Shortridge ended in a 6 to 6 tie.

Sonny Clements runs into a bit of trouble against Morgan Park.

First Row, left to right: Ireland, Cosper, Clark, Parker, Kuhn, Bassett, Ritter, Sniderman.

Second Row: Griese (Manager), Adams, Firestone, West C. Clements, Thomas (Captain), Maxson (Captain-elect), Kresl, Bentley, Ashcroft, Stephenson.

Third Row, left to right: Coach Oliver, Brokaw, Mills, Hacker, Rogers, Eichmuller, Allen, Berry, Walker, Ford, Col. Hoge (Asst. Coach).

Fourth Row: Keck, Gits, Glass, Klusmeyer, Young, Cogan, Moran.

Football Squad

Coach Oliver had at his disposal nine returning lettermen, Capt. J. B. Thomas, Mills, Danny Maxson, Clements, Ashcroft, Rogers, Bently, West, C., Firestone, and Eichmueller, and also five reserve lettermen all of whom were of the greatest asset to the team. They were Keck, Kresl, Adams, Parker, and Hacker. Kresl was the longest ground gainer on the squad. Around these men and several newcomers, coach built the flying squadron of 1939. The outstanding newcomers were Cogan, flashy halfback who had a dead eye for short passes, Ford, a graduate from the intramural field, Walker, a big tackle who played first string, Berry, another big plebe who played first string, Irelan, a real scrapper who played second string guard. Allen another graduate from intramuraland second string end.

After a week or so of hard scrimmaging Coach assisted by Colonel Hoge, star of West Points team, and Major Whitney, the man with plenty of fight had a hard time choosing a first string to start against Pullman Tech of Chicago. He finally decided on the following combination, Thomas and Mills, ends, Berry and Walker, tackles, Ashcroft and Bently, guards and Rogers, center. The forward wall was composed mostly of old timers except Walker and Berry. The backfield consisted of Maxson calling signals, Cogan and Kresl wingbacks and Clements at full. There was plenty of competition for these positions because almost every position had two players with about the same ability. This was a very lucky break as there were quite a few injuries sustained during the season but there was always some one with plenty of ability to take over. Layne Rogers was injured early in the season but Hacker showed up very well in his place. Also Cogan suffered a badly sprained ankle the second game and was out of action until the last game, but Jabber Adams ably showed his ability as wingback. Capt. J. B. Thomas received a fractured ankle in the second to last game, yet he gave the team just as much spirit from the bench. Out of eight games Culver won five, lost two and tied one.

PULLMAN TECH 0 — CULVER 12

Coach Oliver and the Flying squadron successfully opened their 1939 schedule with a 12 to 0 victory over Pullman tech of Chicago, a tough and determined team. The first quarter consisted of a series of short gains with neither team threatening to score. From the beginning of the game to the second quarter it seemed as though Culver was going to have quite a battle, but in the middle of the second stanza Johnny Cogan faded back and threw a perfect thirty yard pass into the outstretched arms of Capt. J. B. Thomas, who shook off a Pullman man and raced over the goal. Don Mills' attempt for the extra point was no good. For the rest of the quarter it was another series of short gains and the half ended with Culver in the lead 6 to 0. Culver's goal was seriously threatened in the middle of the third quarter when Pullman started a touchdown drive and ended up on Culver's twelve yard line with a first down. After three plays that our boys stopped, Carey West knocked down a pass in the end zone and Culver took possession of the ball. Some brilliant open field running by Kresl took the ball deep into Pullman's territory as the third quarter ended. About midway in the last quarter after two unsuccessful attempts, Sonny Clements actually dove over a pile of players and scored the last touchdown of the game. Again the try for extra point failed. The game ended a few minutes later with neither team threatening. The spirit of the corps was very high because they had witnessed some nice ball playing and they were hoping for an undefeated season.

CULVER 6 — SHORTRIDGE 6

A powerful Shortridge team came here with an exceptionally fast and tough team, and the odds were with them as far as the outcome of the game was concerned, but they were in for an early surprise because in the first part of the first quarter Culver went over for a tally, when Kresl started the touchdown drive with a twenty-three yard gain around end. He was followed by a fourteen yard gain by Mills bringing the ball to the four yard line. Sonny Clements then scored on a line buck. The attempt for extra point again failed. In the second period another advance started but ended when Torchy Firestone missed a field goal from the twenty-seven yard line. Culver held the Blue Devils for almost the whole first half but late in the second quarter, the Shortridge team fought into Culver territory and on a long thirty-six yard run by Mitchell the score was tied as they missed the conversion. The half then ended. The last half was quite thrilling with threats by both teams but neither one scored. Danny Maxson gave a beautiful exhibition of running when he returned a punt forty-seven yards. Culver's revenge was not quite successful but the tie tumbled the Blue Devils from a perfect season.

CULVER 31 — MARMION 6

Culver beat the cadets from Marmion Military academy in a one sided game to the tune of 31 to 6. The star of the game was Ken Adams making repeated large gains by his broken field running, and also making a fifty-two yard run for a pay off in the third quarter. Early in the first period Culver set up a scoring chance by a series of short gains and then Torchy Firestone went over the one yard line for a tally. Mills was successful in his try for extra point. Again in the second period the ball was in scoring position on the three yard line where Sonny Clements plunged through for the touchdown. The try for extra point was no good. Later in the quarter the Maroons carried the ball to their opponents six yard line where Parker went through guard for the third score. Another attempt for the extra point failed. The half ended with Culver in the lead 20 to 0. Late in the third period Adams made his spectacular run from our own forty-eight yard line. He was helped greatly by beautiful interference by his teammates. The Marmion eleven became desperate and took to the air. After three passes and two runs, the boys from Marmion were successful in pushing the ball over the goal. A plunge for extra point was stopped. Culver then started on its last touchdown drive, with a pass from Maxson to Clark netting thirty-three yards and a tally. The conversion was blocked, and the gun went off shortly later ending the game. Capt. Thomas and Gits showed up very well in the line.

CULVER 18 —
MISHAWAKA 7

The first period of this game ended with neither team penetrating very far into the opponents territory, but in the second stanza Culver advanced on power plays to the Mishawaka thirty-four yard line where Kresl received the ball from Parker on an intended reverse and threw a twenty-nine yard pass into the outstretched hands of Thomas who raced to the ten yard mark before he was pulled down. Two plunges netted short gains and then Sonny Clements went over. Mills missed the attempted conversion. In the third quarter Culver scored two touchdowns when Adams brought the ball to the visitor's forty-four yard line and Kresl then went around end for a tally. Firestone failed to make the extra point. Firestone made the second score when he intercepted a pass and ran thirty yards, but he again failed to make the extra point. Mis-

hawaka's lone tally came in the final quarter. After a long advance from their thirty yard line to our thirteen, the Hoosiers scored on two line bucks. The try for extra point was successful.

CULVER 6 — MEMPHIS 0

The Flying squadron traveled to Memphis, Tennessee to play the Memphis Tech Yellow Jackets. This is an annual intersectional game, and Culver has won the last two games. The Memphis boys played their hardest to beat the Cadets but they failed when Jim Kresl threw a thirty-eight yard pass to Capt. J. B. Thomas in the third quarter. Also in the last seconds of play Clements went over but the play was called back because a Culver player was offside. The first half failed to see the cadets do much, as Memphis had the ball in their possession most of the time. However, in the third quarter Culver advanced by runs by Kresl, Clements and Firestone. It was fourth down

and ten to go when Kresl threw the touchdown pass to Thomas in the end zone. Mills kick for extra point was wide. Memphis then made a drive but they were stopped far from the cadet's goal. Culver held the ball for most of the remaining time.

CULVER 13 — ST. BEDE 0

Culver avenged two defeats in the last two years by the boys from Peru, Illinois by the tune of 13 to 0. St. Bede started strong as they advanced the ball to Culver's six yard line where they lost it on downs. Then on the first play, Jim Kresl ran just about the length of the field for a touchdown. In the third quarter Culver got going and by consistent gains by Clements and Firestone and by a pass from Maxson to Firestone they brought the ball to the nine yard marker but lost it on downs. St. Bede then kicked but the ball was again brought back this time by Maxson to the eleven yard line. After a four yard plunge by Clements, Kresl went around end to score. Another plunge for the extra point was stopped. St. Bede failed to make a first down in the last half.

CULVER 0 — MORGAN PARK 19

Culver came out of the game with Morgan Park, which is located in Chicago, on the short end being thoroughly trounced by a superior team. The Maroons opened the game with a chance for a score but ended up on the nine yard line losing the ball on downs. The cadets from Morgan Park completely dominated the second quarter making their three touchdowns in rapid succession. The second half proved to be a different story with Culver on just about even terms with Morgan Park, but both teams failed to score.

CULVER 13 — PARK SCHOOL 19

The corps witnessed one of the most thrilling games ever played here as they watched a see saw battle in the last half. The game opened with Adams scoring the first touchdown from the one yard line. Firestone's kick for extra point was good. Retaliating in the second half, Park scored on a pass but their attempt for extra point failed. Park then took the advantage and scored again. Culver then came back with a thirty yard run by Firestone for another tally. As the extra point was no good Culver held the edge by one point. With four minutes to go Park scored the last touchdown by two long runs and a short plunge. The extra point was good. From the forty-eight yard line Kresl flipped a ten yard pass to West who took it to the ten yard line where he was hit hard and fumbled just as the gun went off.

CULVER — PULASKI HIGH SCHOOL

In the first period Ken Adams raced fifty-six yards around end for the first tally. Mills try for the extra point was good. In the first of the second period the Maroons started on their scoring drive and ended when Firestone plunged over the goal. His attempt for the point was successful. In the third quarter Johnny Cogan threw a bullet pass to Clark who raced fifty yards for the third tally. The extra point failed. The last drive by the Maroons in the final quarter resulted in the last score made by Sonny Clements.

Danny Maxson, star quarterback of the 1939 flying squadron, was named captain of next years team at the Thanksgiving dance. Ken Adams, flashy halfback, became alternate captain, and Gericke, manager at the same time. The following men were awarded letters: Capt. J. B. Thomas, Gits, Ashcroft, Hacker, Bentley, Berry, Mills, Maxson (Capt. elect), Kresl, Adams, (Alternate Capt. elect), Clements, Firestone, Walker, Irelan, Allen, Rogers, Kuhn, Keck, Eichmuller, West, C., Cogan, Parker, P., Brokaw, Clark, Stephenson (Manager), Griese (Manager). Basketball

After completing a successful season coaching the football team, Coach Russ Oliver turned his attention to whipping into shape a basketball team that only possessed two returning lettermen and five returning reserve lettermen. The lettermen were Captain Bob McWilliams, guard, and Don Mills, guard; the reserve lettermen were Danny Maxson, Kenny Adams, Hugo Glass, Jim Kresl, and Luke Sewell. New candidates were Gooding, Cogan, McGaughey, Steffes, Hanover, Kime, and Brokaw. There was plenty of competition for the five starting positions, but the following men were selected to start as the first team in their first encounter against Camden High School on December 12: Captain Bob McWilliams and Don Mills opened at guard positions, Hugo Glass, at the center berth, and McGaughey and Sewell at forwards. Because of injuries sustained during the football season, Danny Maxson, John Cogan, and Todd Godding were not able to play before the Christmas vacation. Gooding and Cogan soon earned berths on the first string as forward and guard respectively. Under this combination the Hardwood Huskies chalked up a very impressive record by winning ten out of the eleven scheduled games. The resume of the season follows:

A Cranbrook man jumps for a high one.

Guy McGaughey and Todd Gooding (Co-Capts. Elect).

In the first game of the current season the team barely squeezed past a fighting aggregation from Camden, Ind. This team started off at a very fast pace in the first half and led at the intermission 21-12. At the end of the third quarter the score stood at 27 all.

Varsity Basket

The last period was a nip and tuck affair, and the end of the regular playing time ended in a 33-33 deadlock. In the overtime period McGaughey quickly scored a basket to give Culver its first victory of the 1939 season.

Coming back the next Wednesday, the Maroon and White showed a flash of power in defeating a strong aggregation from Pulaski (Ind.) High School. The first half was strictly a defensive game, and the half ended with Culver leading by the low score of 12-6, The game ended 38-15. Again taking high scoring honors was McGaughey with 12 points. Close behind was Capt. McWilliams with 10 points.

In the final contest before the Christmas holidays the "Moosemen" continued on their victory trail, by defeating a small Concordia Academy five from Fort Wayne, Indiana. The play ended with the Maroon and White out in front by the score of 44 to 26. For the third consecutive week McGaughey led the Culver attack by scoring a total of 18 points.

Traveling to Cleveland, Ohio, to play a feature contest with University School, the Hardwood Huskies continued their winning ways by coming from behind in the closing minutes and defeating the hosts 28 to 27. University School led 23-19 going into the fourth quarter, but this lead was soon erased by Culver's center, Glass, when he sank two successive baskets. The remainder of the game was extremely exciting, but the Maroon and White was able to control the ball most of the remaining time and came out on top 28-27. Glass led the scoring with 11 points.

Carving out its fifth straight victory in as many starts, the squad looked rather poor in handing Oak Park High School of Oak Park, Ill., a stinging defeat. In the final half the Moosemen outplayed their opponents tremendously, and the game ended with Culver on top 33 to 28. Leading the scoring again was McGaughey with 18 points.

Ball Team

January 27, 1940, marked the first setback of the Culver Maroons. On this date they were defeated at Howe, Ind., by Howe Military School, in a thrilling, but ragged, contest. Culver started off very fast in the first quarter and led at the end of this period 10-5. However, in the second quarter Howe had a field day and gradually pulled up to a 12-12 tie, and then went on ahead to lead at the intermission, 18-14. The Moosemen came back to tie the score up at 20-all at the beginning of the third quarter. In the final quarter the Howe five unleased a swift barrage of baskets and put the game on ice. The final score was Howe-35, Culver-32.

Playing definitely the best game of the year, the Culver squad handed the once-beaten Park School team of Indianapolis a defeat that will linger in the minds of many cadets. The first quarter started very slow, and it ended with Culver in the lead by three points. At the half time the Moosemen were still in the lead 18-15. The third quarter ended 34-21 for Culver. However, the Park Schoolers rally fell short and the game ended with Maroon and White racking up another victory 38 to 32.

On Feb. 10, the team turned back a strong Culver H. S. team, in one of the most thrilling encounters of the year. The Cadets came from behind in the closing minutes to edge out the town team by the score of 29 to 26.

The Flying Squadron had an extremely hard time defeating the team representing Cranbrook School, Bloomfield Hills, Michigan. The Moosemen trailed at the end of the first quarter by one point and were behind at the intermission by the same margin. The Maroons came back at the beginning of the third period and went into the lead, but were unable to hold it for very long. Near the end of the third period the Moosemen showed a splurge of power and went into the lead 31 to 28. The Maroon and White did not relinquish the lead the rest of the game, but the going was rough all of the way. The game

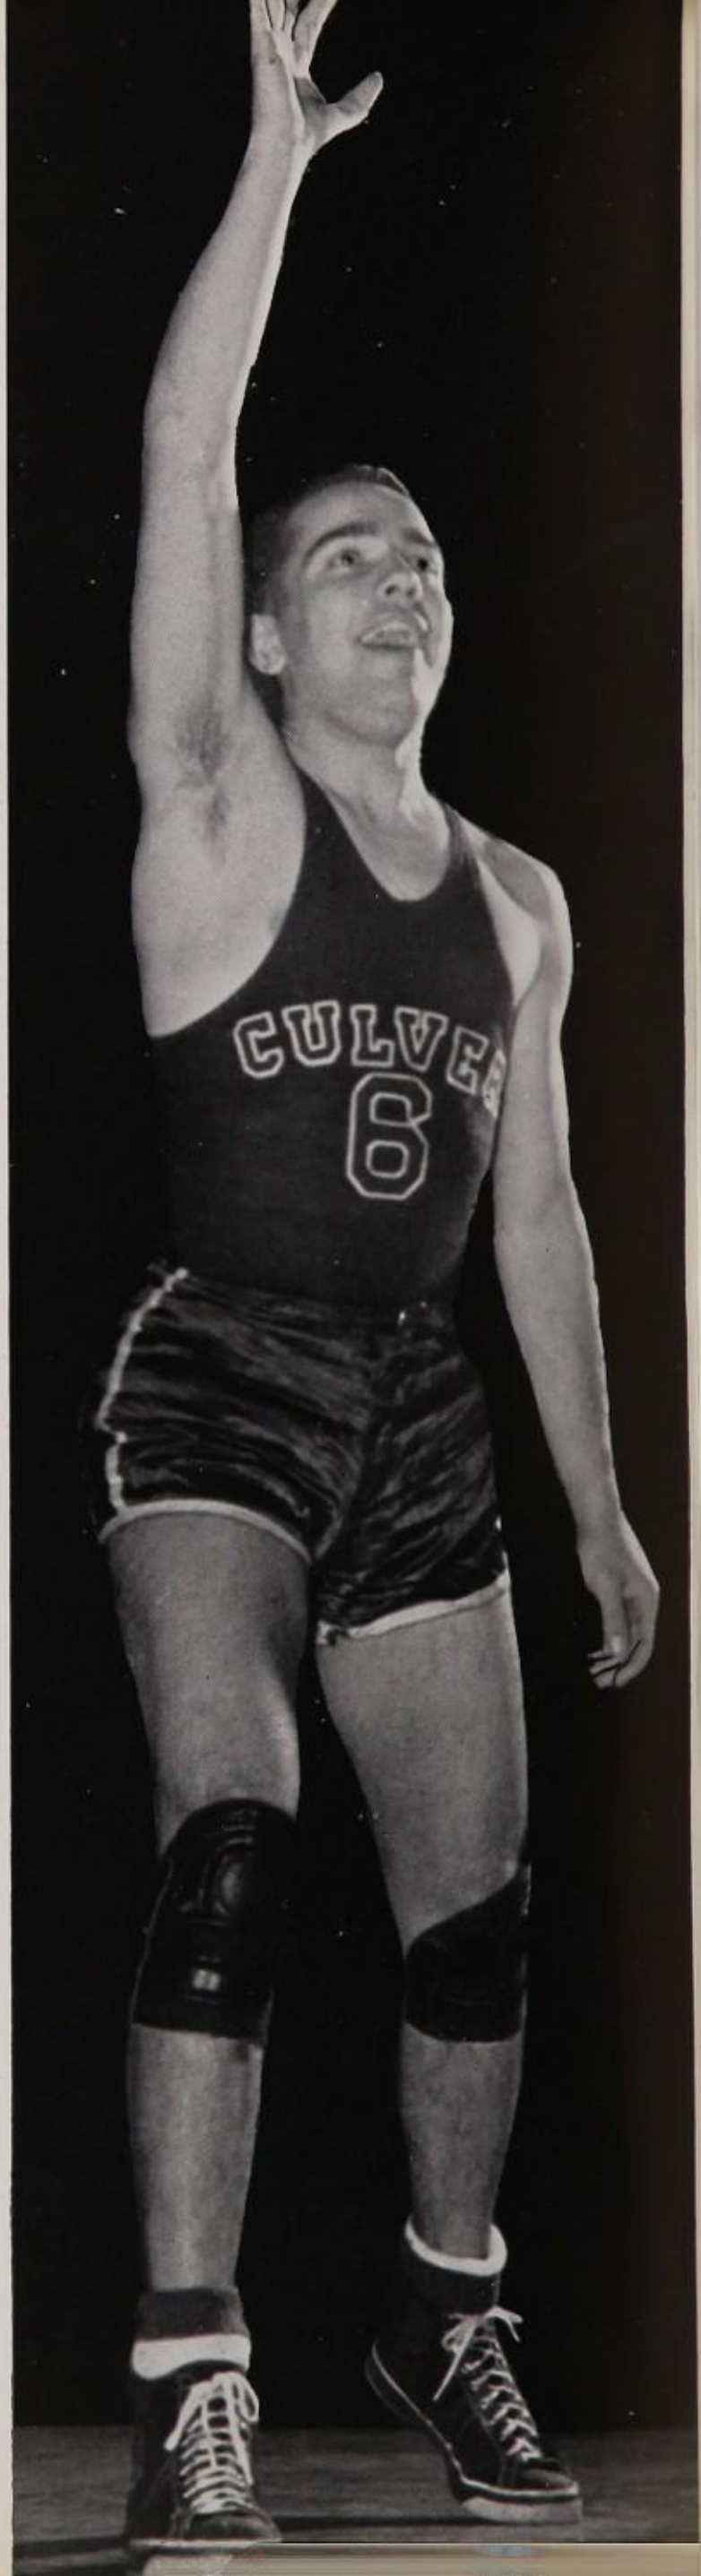
ended: Culver-47, Cranbrook-38. Gooding and Capt. McWilliams tied for scoring honors with eleven points apiece.

In their last appearance on the home floor the squad satisfied the complete corps with their stirring victory over Morgan Park Military Academy. Avenging the football defeat suffered by the Culver team, the "Huskies" trounced MPMA 43-26. The first quarter ended in a six-all deadlock, after some fine playing by both teams. Morgan Park, for the first and only time, went into the lead at the outset of the second period. The Maroons soon came back, however, and swept into the lead, never to be regained by the visitors. The score stood 16-11 at the half. The Moosemen continued to pour in the points and led at the conclusion of the third period 31-18. In the final stanza the Maroons continued their point making ways and the game ended with the Moosemen in front by the topheavy score of 43-26. Todd Gooding led the scoring for Culver with thirteen points. Capt. McWilliams followed with nine tallies to his credit.



Traveling to Lake Forest Academy, Lake Forest, Illinois, on March 2, the Moosemen turned in a well earned victory over their team. The Maroons rallied in the second half to defeat the hosts, 35-28. The Maroon and White was not able to get into the lead during the complete first half, and it ended with LFA in the lead, 15-14. The Maroons came back in the third period and were able to forge into the lead near its conclusion and led at the end of the third quarter 27 to 24. The Moosemen were able to stay in the lead the remainder of the game and it ended 35-28. The Maroons encountered many difficulties on the long and narrow floor, and did themselves credit by turning in a victory. McGaughey and Gooding led the scoring for Culver with 14 and 9 points respectively.

At the conclusion of the season Gooding and McGaughey were rewarded for the fine performances by being elected co-captains of next year's team. The following men were awarded sweaters: Capt. McWilliams, Don Mills, John Gogan, Todd Gooding, Guy McGaughey, Herb Glass, Dan Maxson, Ken Adams, Jim Kresl, Luke Sewell, and Manager Kudner.

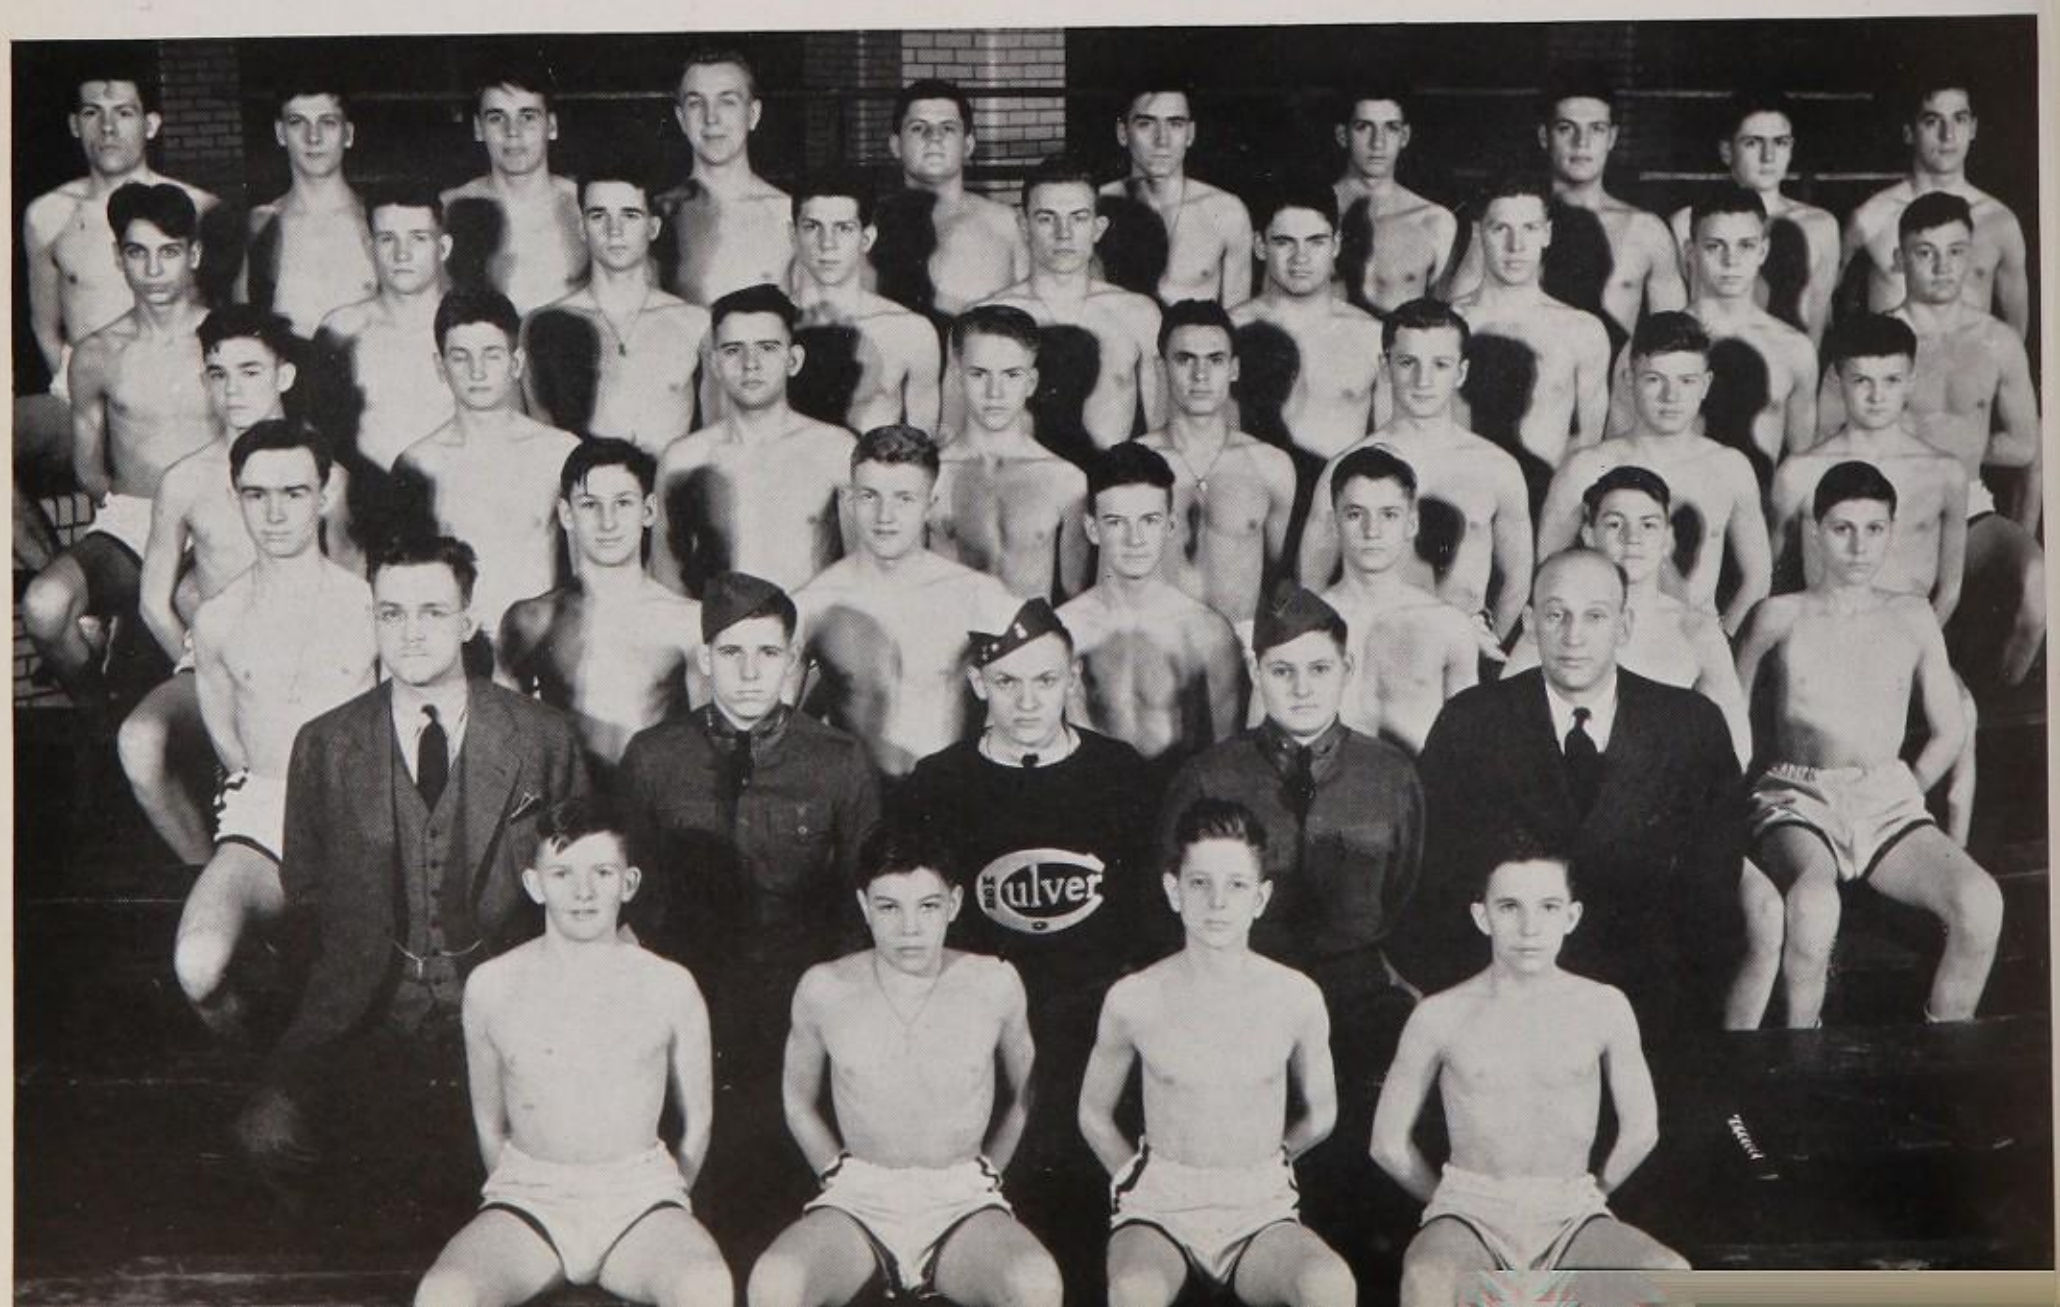
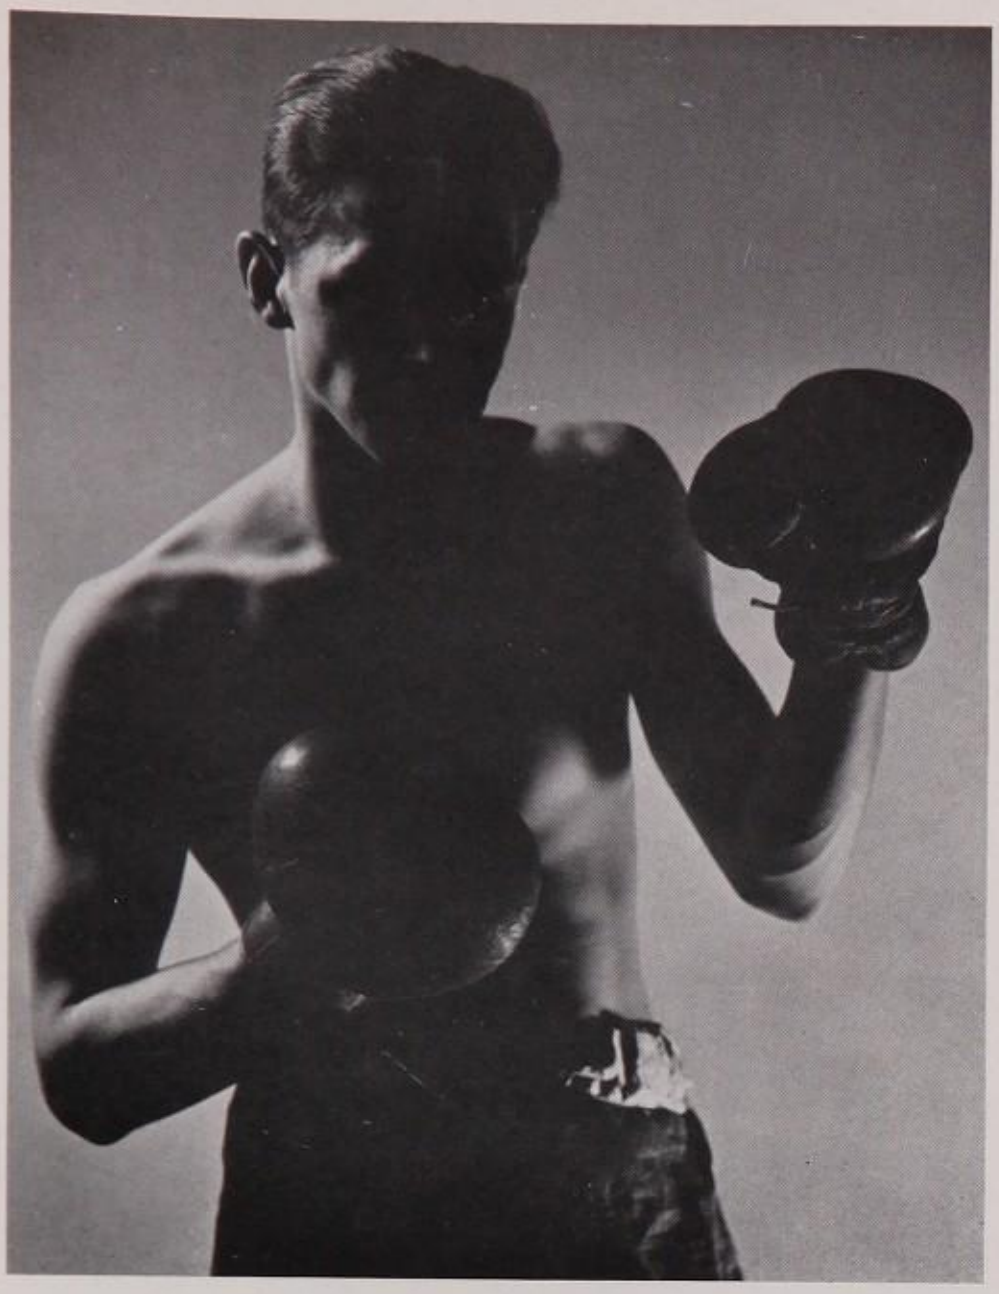
Varsity Boxing

Culver's Maroon and White boxers displayed fine ability in going through the season without the loss of a single meet. This fine record was mostly due to the fine coaching of "Mike" Carpenter, whose untiring efforts were rewarded by the fine exhibitions that were put on by the squad. Soon after the Christmas holidays Coach Carpenter's call for varsity boxers was made, and approximately sixty men reported ready for practice. Coach Carpenter was very doubtful about the outcome of the season because of the inexperience of most of the squad's members, but what the team lacked in experience was definitely made up in spirit. After the first few weeks of practice, it was seen that the boxers were not to be too greatly handicapped by the loss of men through graduation. Eleven returning lettermen reported for the first practice, and they provided the nucleus of the team. They were: Rose, Robertson, Manning, Carlo, Bowers, Hamilton, Davidson, Doolittle, Rogers, Mackey, and Schey.

Opening the schedule on February 24, the boxers displayed much power in downing a strong aggregation from Morgan Park Military Academy by the decisive score of 7-2. Culver fighters scored four knockouts. Heading the list was the captain for the day, J. Doolittle, who scored a knockout in the early seconds of the first round. Carlo, Davidson, and Bowers followed in the footsteps of Doolittle and made quick work of





their opponents also. Lummis, Mackey, and Ashcroft added to the list of Culver victories by winning their respective matches by decision. Ames and Brown were the only two Culver fighters to lose in the initial meet of the season. Both, however, put up a game battle, but the decision was given to their respective opponents. The card was rounded out by three exhibition matches which saw Woodruff go down to defeat before a strong opponent from South Bend. Rogers demonstrated his skill by knocking out another South Bend fighter in the second round. Ingalls, of Culver, and Mike Sherbun from South Bend put on possibly the best fight of the afternoon when they fought to a draw in the 85 pound class.

In the next meet the boxers looked extremely good in avenging the defeat handed the Culver fighters the previous year, by defeating an extremely strong team from St. Bede Academy, 10-5. The closeness of the meet may be seen from the absence of knockouts during the complete day's matches. Rose, Carlo, Rogers, Ames, Mackey, Manning, Davidson, and Bowers accounted for Culver's points. Firestone, Schilling, Schey, Woodruff, and Lummis put up game fights, but the decisions were not in their favor. Robertson and Bromley lost in the exhibition matches of the afternoon, while Bentley and Hernandez won.

In a closer meet than the score indicated, Culver's fighters continued their winning ways by plastering a 6-3 defeat on the Valparaiso University boxers. Doolittle tied another knot in his string of victories by knocking out his opponent late in the second round. Brown outpointed his opponent to win the decision, after some very nice fighting. Bowers outclassed his man to such an extent that the fight was called in the third round, and the decision automatically went to him. Davidson scored his usual decisive victory over an unfortunate opponent. Bentley and Sniderman were both decisive winners. Carlo, Ashcroft, and Ford were the losers for the

day. In the customary exhibition matches Ames and Rose both lost close decisions, but were never completely outclassed. Schilling, Robertson, and Llano won the remainder of the exhibition matches in championship style.

On March 16, the squad assured itself of an undefeated season by defeating the highly touted Libertyville (Ill.) Boy's Club, 8-3. Starting the festivities off, Ingalls won a hair line decision. The captain for the day, Hamilton, scored the next victory in decisive fashion. Schilling, entered the ring and was able to eke out a decision over his opponent. Robertson and Carlo followed each other in the ring, and each was able to gain the de-

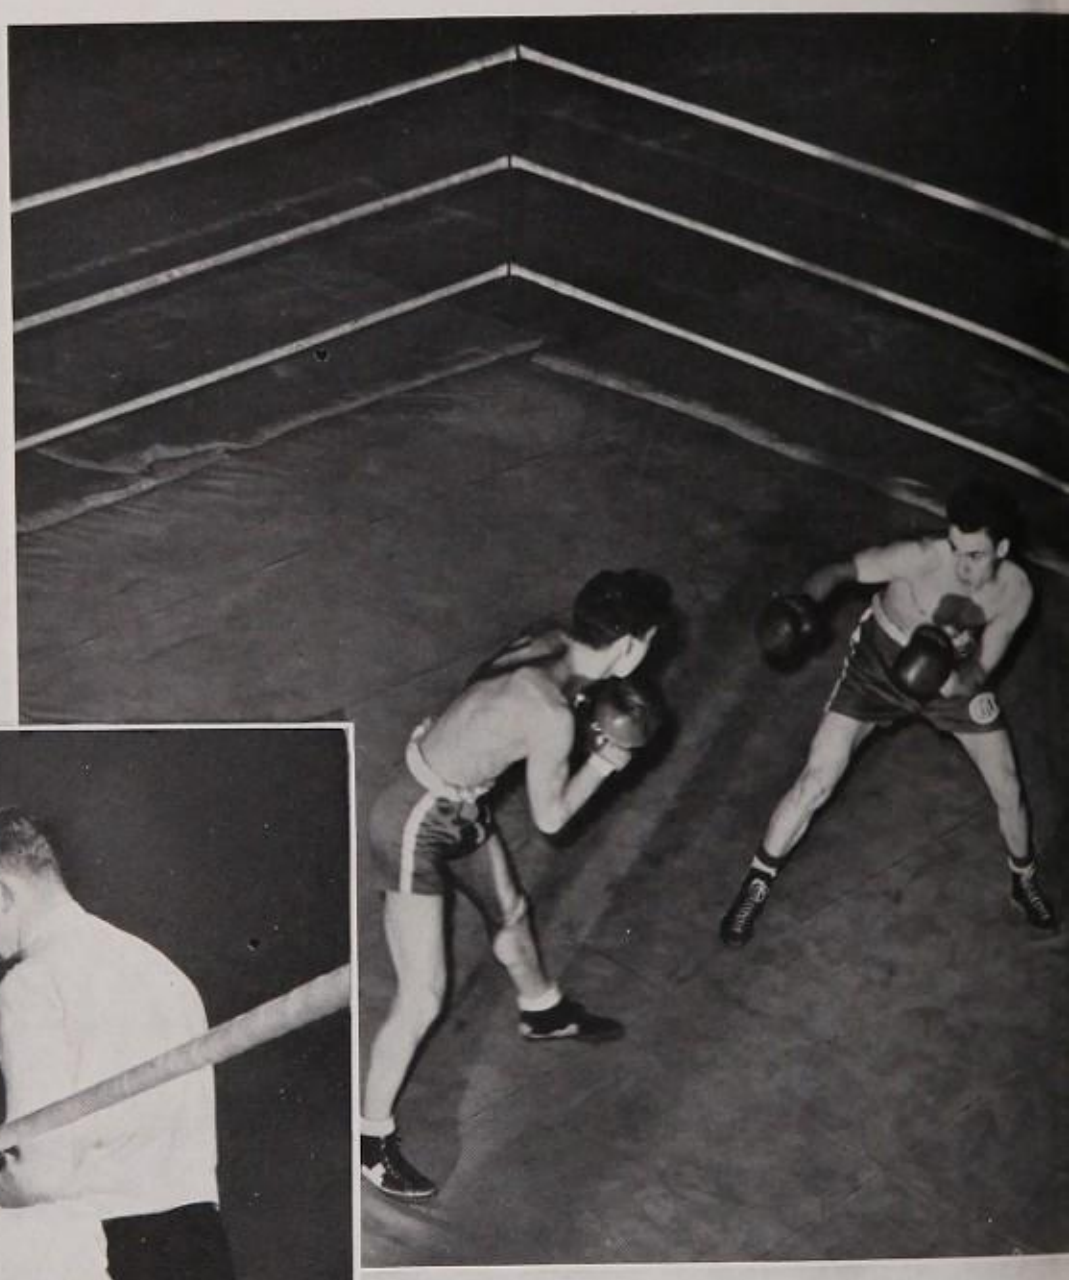
cision of the judges to annex their respective matches. Firestone scored a quick TKO over his ill-fated opponent. Davidson and Doolittle scored the remainder of the points for Culver, displaying great form in decisioning their opponents. Rose and Manning yielded close ones to their opponents, but both fights were extremely interesting. Bowers lost a TKO to one of the best fighters ever to compete against a Culver man. In the exhibition matches of the day, Mandel fought his opponent to a draw, while Ames, Gault, and



Knight lost to able opponents. Schey scored a TKO over his opponent, while Burwell stepped in and scored a decision of his opponent.

At the conclusion of the season Coach Carpenter praised the general spirit of the squad and awarded letters to the following: Ingalls, Ames, Hamilton, Schilling, Mackey, Woodruff, Rose, Robertson, Schey, Graf, Manning, Carlo, Lummis, Bowers, Llano, Doolittle, Davidson, Hernandez, Firestone, Ashcroft, Bentley, Rogers, Bromley, J. Brown, and Hunn, manager.

Varsity Swimming

Headed by co-captains McKone and Mulliken, and coached by Mr. Walaitis, the varsity swimming team closed a mediocre season on March 9 by crushing East High School of Columbus, Ohio, 54-12. The team starts practice a few weeks before the Christmas holidays, and it was soon seen that the squad was to lack stars, but well-rounded combinations adequately took the place of former outstanding stars.

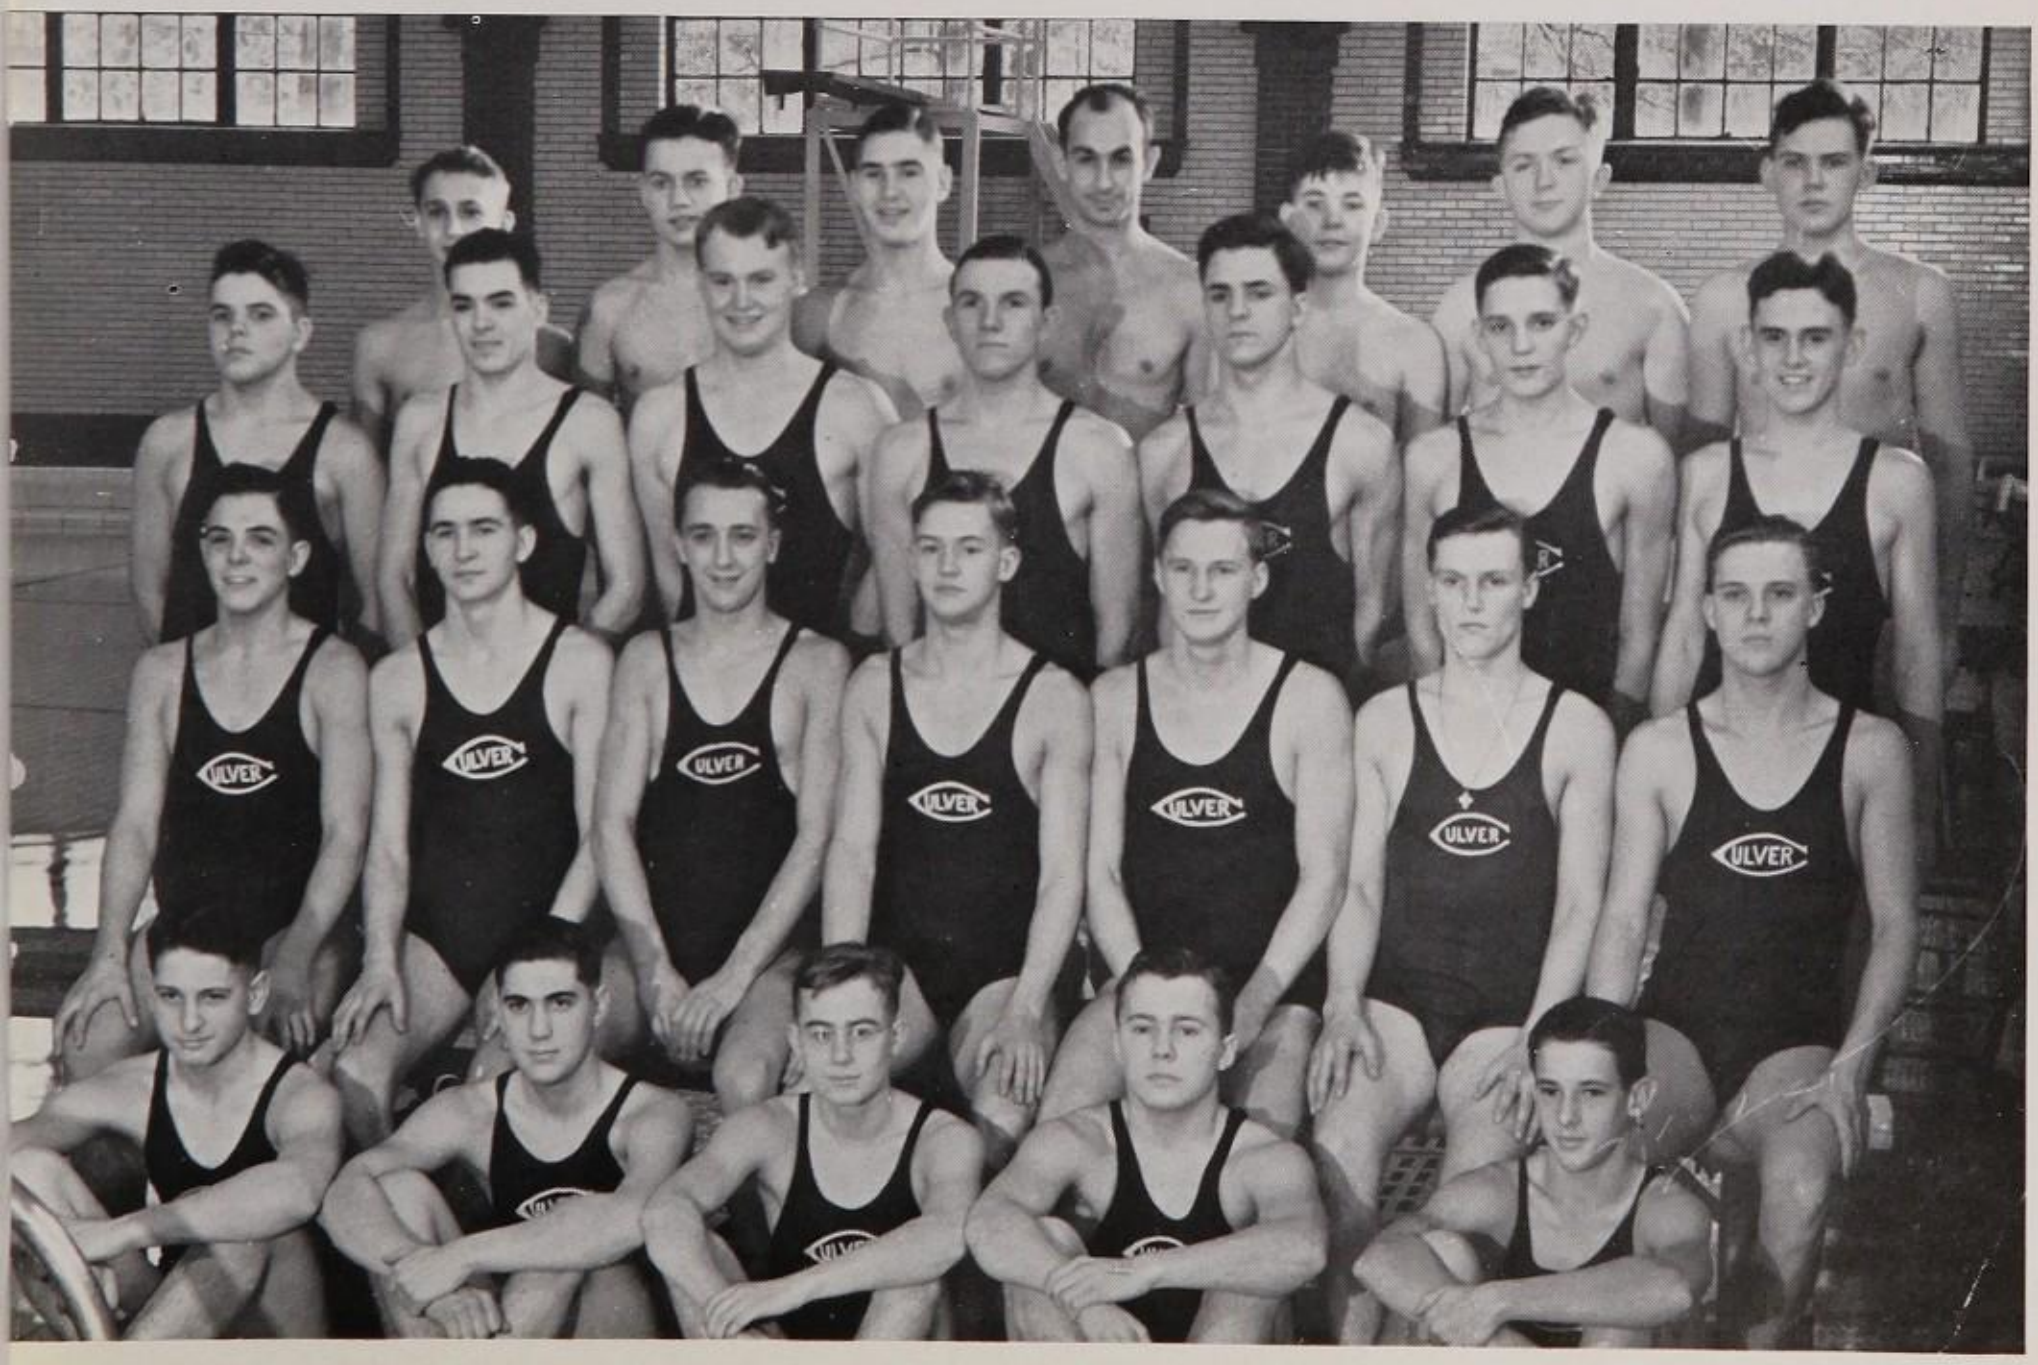
In the first meet of the season the mermen chalked up a very impressive victory over last year's Indiana State Champion, Central High School, of South Bend by the topheavy score of 47-19. The visitors were able to annex only one first in the entire meet. The 120 yard medley relay team bettered the school mark by swimming the distance in two-tenths of a second faster than the previously recorded record, which brought the

time down to 1:07.3. This record breaking relay team was composed of Jenkins, co-captain Mulliken, and Lange.

On January 27, the swimmers lost their first meet to a strong Battle Creek, Michigan High School. This was one of the closest meets yet contested in the home pool. Each team had a chance of winning right through the final event, but in this last event Culver's relay team was disqualified and the meet was automatically given to the visitors. The outstanding performer of the day was Schacht of Culver who took first in the 100 yard freestyle, and then came back to take second in the diving. The diving was won by the Battle Creek diver, who is the third ranking man in national high school diving.

Culver's mermen proved their great strength on February 10, by beating the Danville (Ill.) High School tankers. This was the first defeat for the visitors in thirteen meets. Danville led most of the way, but after the diving event, in which Schacht put Culver back in the meet by taking first Culer began to creep into the lead. Each event was extremely close, but Culver was able to come out on top by the narrow margin of 32-27.

In the first away meet of the season the varsity swimmers met defeat at the hands of a strong team representing Huntington High School, of Huntington, Indiana, by the rather decisive score of 41-25. However, the score does not tell the complete story of the



meet, for in every race the Culver swimmer who lost was but a few feet in the rear. Culver was only able to take one first in the complete meet.

On February 24 the mermen came back to plaster a defeat on the Fort Wayne Y.M.C.A., 39-27. After the second event Culver led all the way, and its lead was never seriously threatened. Fort Wayne was able to take the first event with comparative ease, but after that they were never able to gain the lead.

On March 2, at New Trier High School at Winnetka, Ill., the Culver mermen faced possibly the toughest competition of the year. The hosts were the runnerups in the Illinois State tournament, and also boasted an undefeated season. The superiority of the New Trier swimmers was soon seen, and Culver began to fall steadily behind. The medley relay team held intact its undefeated record when it outswam New Trier in a closely contested event, but the varsity was weak in the remaining events.

The cause for most of Culver's defeats was the great deal of illness that was ever present on the squad. The first meet was the only one in which illness did not play a large hand in the outcome of it.

records in three events, the 40, 80, and 100-yard breast stroke marks falling before his attack. The 120-yard medley relay team was able to knock off nine-tenths of a second off of its previous record.

At the conclusion of the last meet Coach Walaitis honored the following by awarding them letters for their services to the squad: Lange, Bottomley, Curtis, Schacht, Bransfield, F. Mills, Clements, Mulliken, Jenkins, Allen, Kelly, Hoier, McKone, and Mgr. Beutal.

Varsity Track

With ten monogram winners returning from last year's undefeated squad to form the nucleus of this season's team which has already won three meets this year without a single defeat, the 1940 team has high hopes of continuing the undefeated record of the last two teams that ended their seasons without dropping a meet. Coach Carpenter is extremely proud of the work that his teams have done in the past years as some of their feats show real track ability. The outstanding part of past year's team is the half mile relay team which has not lost a race in twenty starts.

Coach Carpenter

The 1940 team opened the season by defeating the South Bend Athletic Association track 61 to 48. Although the Culver team was handicapped by several outstanding trackmen being sick, the remainder of the

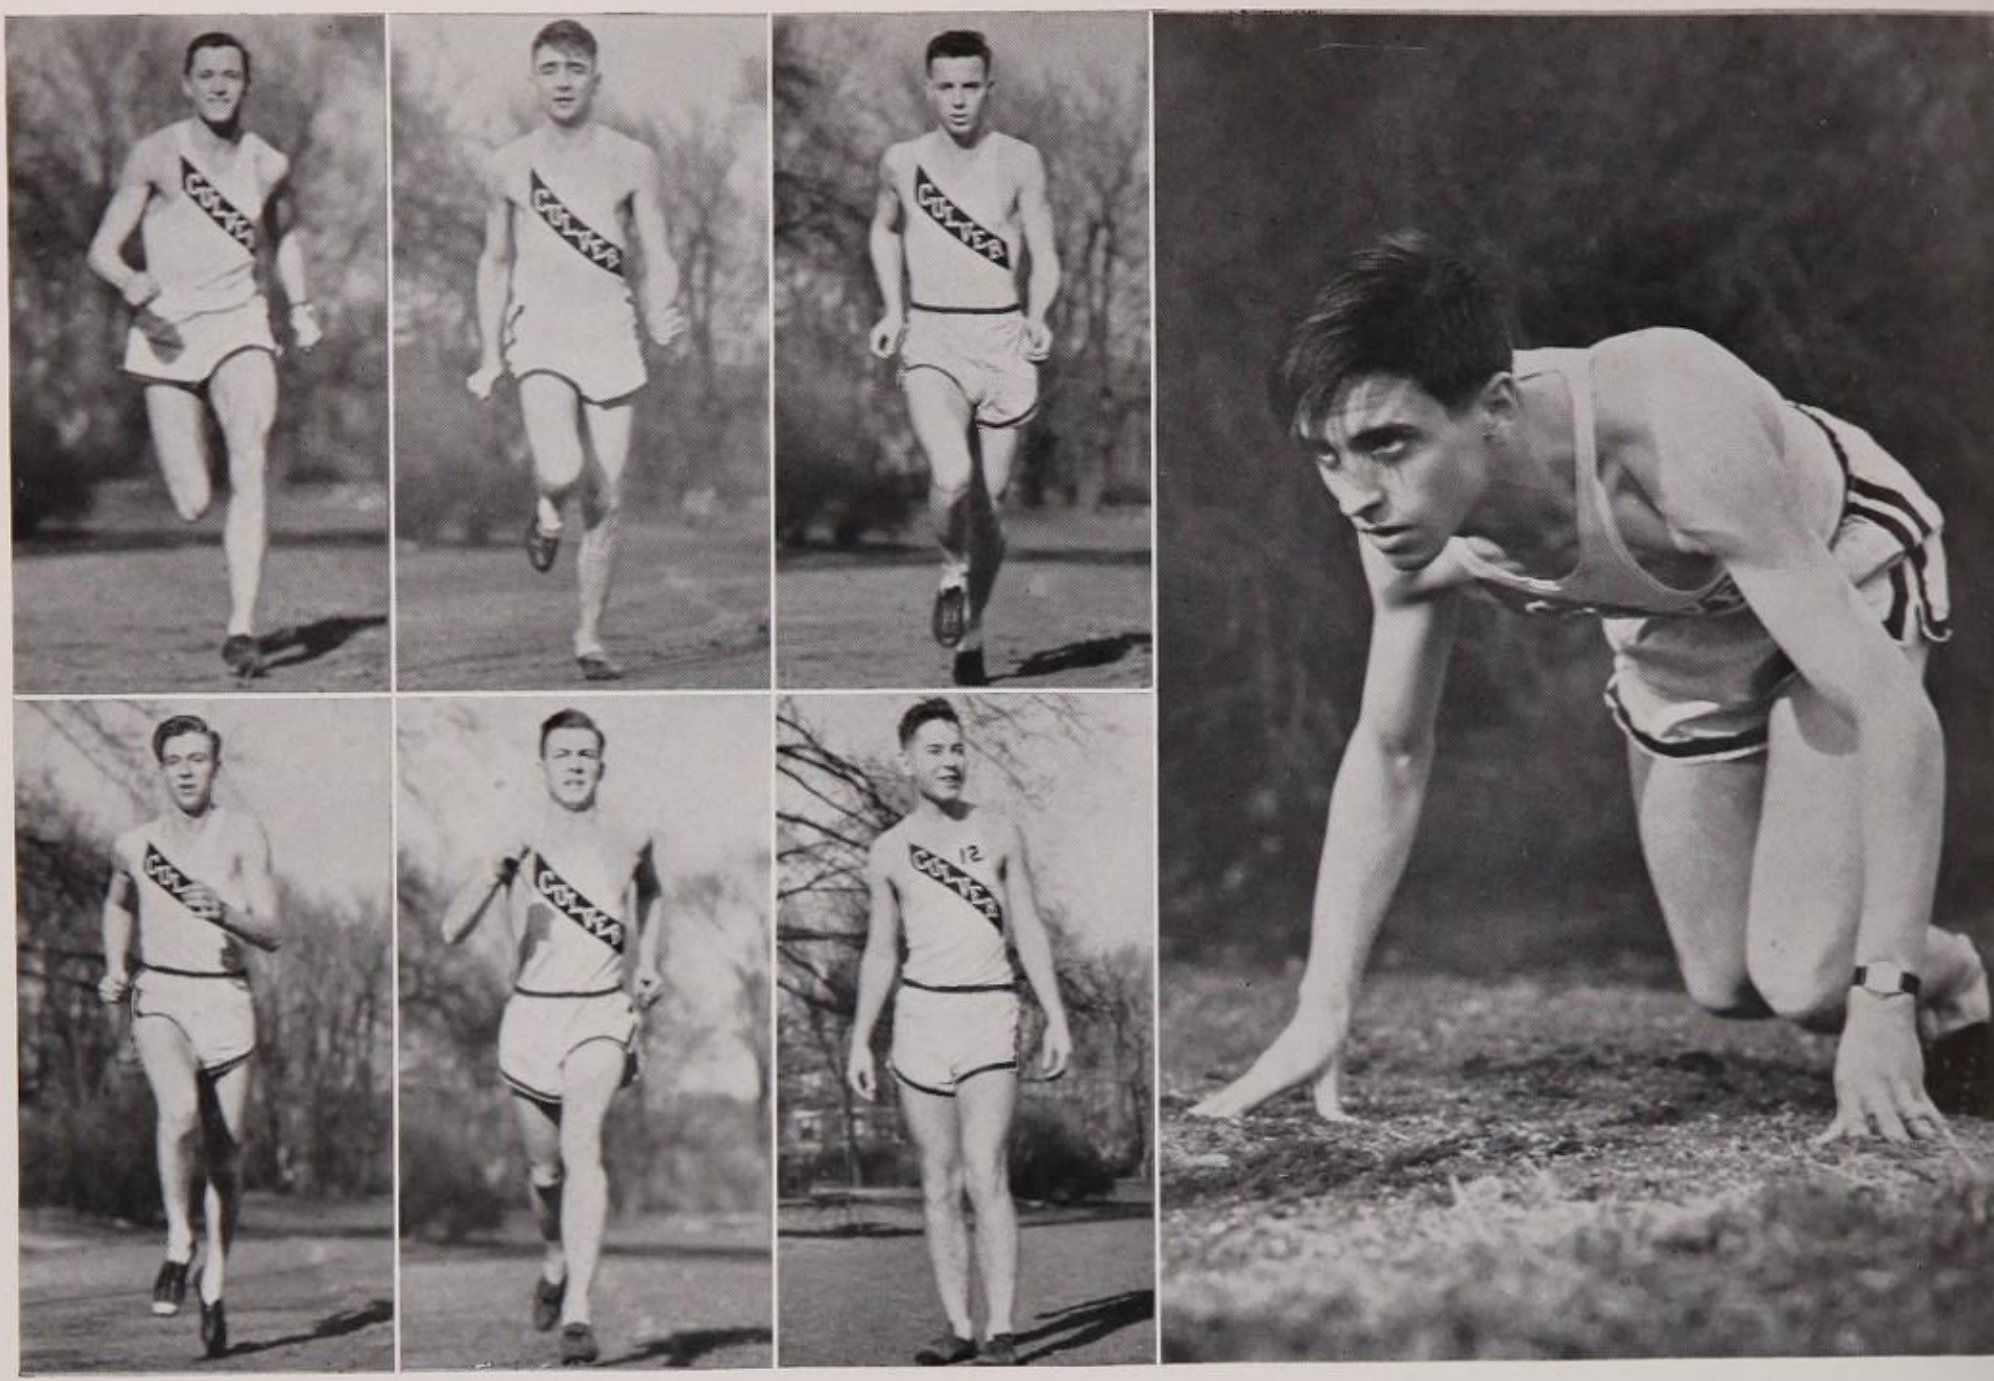
team showed up exceedingly well. Danny Maxson was high point man for Culver as he took first place in the shot put, first in the low hurdles, was anchor man on the four lap relay team, and came in first in the 220 yard dash. Twente starred for Culver when he tied the field house record for the 120 yard dash in 13.8. Captain J. B. Thomas won the 420 yard dash. On April 13 the trackmen encountered the Rochester Track team and the LaPorte track team in a dual meet. This meant that the Culver team would be broken up into two complete teams, each one competing against one of the visitors. Although this fact would seem to be a great disadvantage, the Culver trackmen annexed both meets defeating Rochester 99 to 23, and LaPorte 96 to 16. Star of this meet was Twente, who broke the school record in the 120 yard dash chopping two tenths of a second off of the old record of 13.8 set by Alex Hamilton of last year's squad.



Top row, left to right: Gardner, McNagny, Stants.
Bottom row, left to right: Griffith, Baxter, Carpenter.

Twente ready for the 220.

Since the Roll Call has to go to press late in April, further resumes of the meets cannot be given. The tentative schedule for the rest of the season is as follows: April 20, La-Grange (Illinois) Track team; April 27, Riley High School team; May 4, (No meet scheduled when Roll Call went to press); also open; May 18, Morgan Park Military Track team; May 25, Mid West Conference meet at Onarga, Illinois; June 1, Lake Forrest Track team; June 8, return meet with the South Bend Athletic Association.

This year's team will be built around the following returning lettermen: Captain J. B. Thomas, who runs the 220 yard dash; Gardner, a miler; Kresl, who high jumps, broad jumps, and also runs the high hurdles; Malone, who runs the 40 and 100 yard dashes; Maxson, who shot puts, runs the 220 yard dash and the low hurdles; McNagny, a miler; Stants, another miler; Twente, who runs the 40 and 120 yard dashes; and Cassiday, who runs the 40, and 220 yard dashes and also the low hurdles. Several reserve lettermen and newcomers who are giving the above men plenty of competition for starting berths are Carpenter, broad jump; McWilliams, Widmer, Nicholson, Griffith, Clark, Irelan, Dooley, Short, and Bridges. All of these men have participated in meets and Coach Mike Carpenter was pleased with their perform-

ances. Although the team is weak in field events, it is believed that the material in the running events will be able to make enough points to counteract this weakness. The two relay teams will be chosen out of the following: the mile relay—Thomas, Widmer, Nicholson, Short, Dooley, and Miller; and in the 1 mile relay—Twente, Maxson, Irelan, Bridges, McWilliams, and Widmer. Out of these group a winning relay team is expected to be produced. As soon as the meets are held outdoors new stars will probably be found as some of the trackmen are able to run outdoors better than they can indoors. Coach Mike Carpenter made no comments when the question of an undefeated season was asked, but he said any team that Culver met would know that they had no easy job. With this spirit in mind, the team this year should make a commendable record. The two managers this year were Wright and Candler.

Varsity Baseball

As usual, Spring came to Culver late this year greatly hampering outdoor practice for the 1940 Baseball Squad. Most of the practice has been carried out in the Recreation Building, and as yet the team hasn't had enough practice to form a well organized team, but under the watchful eye of head coach Oliver, the varsity nine should be able to counteract this setback as soon as they can practice on the diamond for more than a few days at a time. Coach Oliver has made his second and final cut of the season, and has issued uniforms to all the remaining candidates. Practice started late in March for all pitchers and catchers in the Rec Building. A week later many candidates answered the call of the coach for players and from these men, it is hoped that a great starting lineup can be made to offset the record of last year. By the looks of the material, it seems that this hope will be carried out to the fullest extent.

Six returning monogram winners will form the backbone of the team, and six reserve lettermen will probably fill in the vacant positions, but the new candidates will be right in there fighting for the starting lineup, and from the looks of things there will be plenty

of competition because there are more than nine men on the team who could start a game and make a commendable showing. The rest of the team is composed of the following men: Steffes and Schminke, co-captains, Plachta, Eichmueller, Parker, P., Bottomley, Adams, Houcek, Parker, R., Rogers, Ritter, W., Ritter, G., and the new candidates are: McLaughlan, Bowers, Gooding, McGaughey, Brokaw, Jones, Sniderman, and Gaynor. Pitching will be one of the strongest points on this year's team with Bottomley, last year's star pitcher; Brokaw, outstanding newcomer to the team; Ritter, R., a reserve letterman. The two outstanding catchers are Captain Steffes and Todd Gooding. The infield will

The outfielders are Captain Schminke, Houcek, Parker, P., Adams, Sniderman, and Gaynor. Hitting, last year's weakness, has been exceptionally good this year, and Coach Oliver is counting on some of his outstanding hitters to hit in the pinches, something that did not happen last year and was responsible for losing some tough games. Assistant Coach Donnelly has been coaching the outfielders and he feels sure that not many balls will get out of the reach of the boys who watch for the long ones.

Because of rain and cold weather the first encounter with the Rochester (Indiana) nine

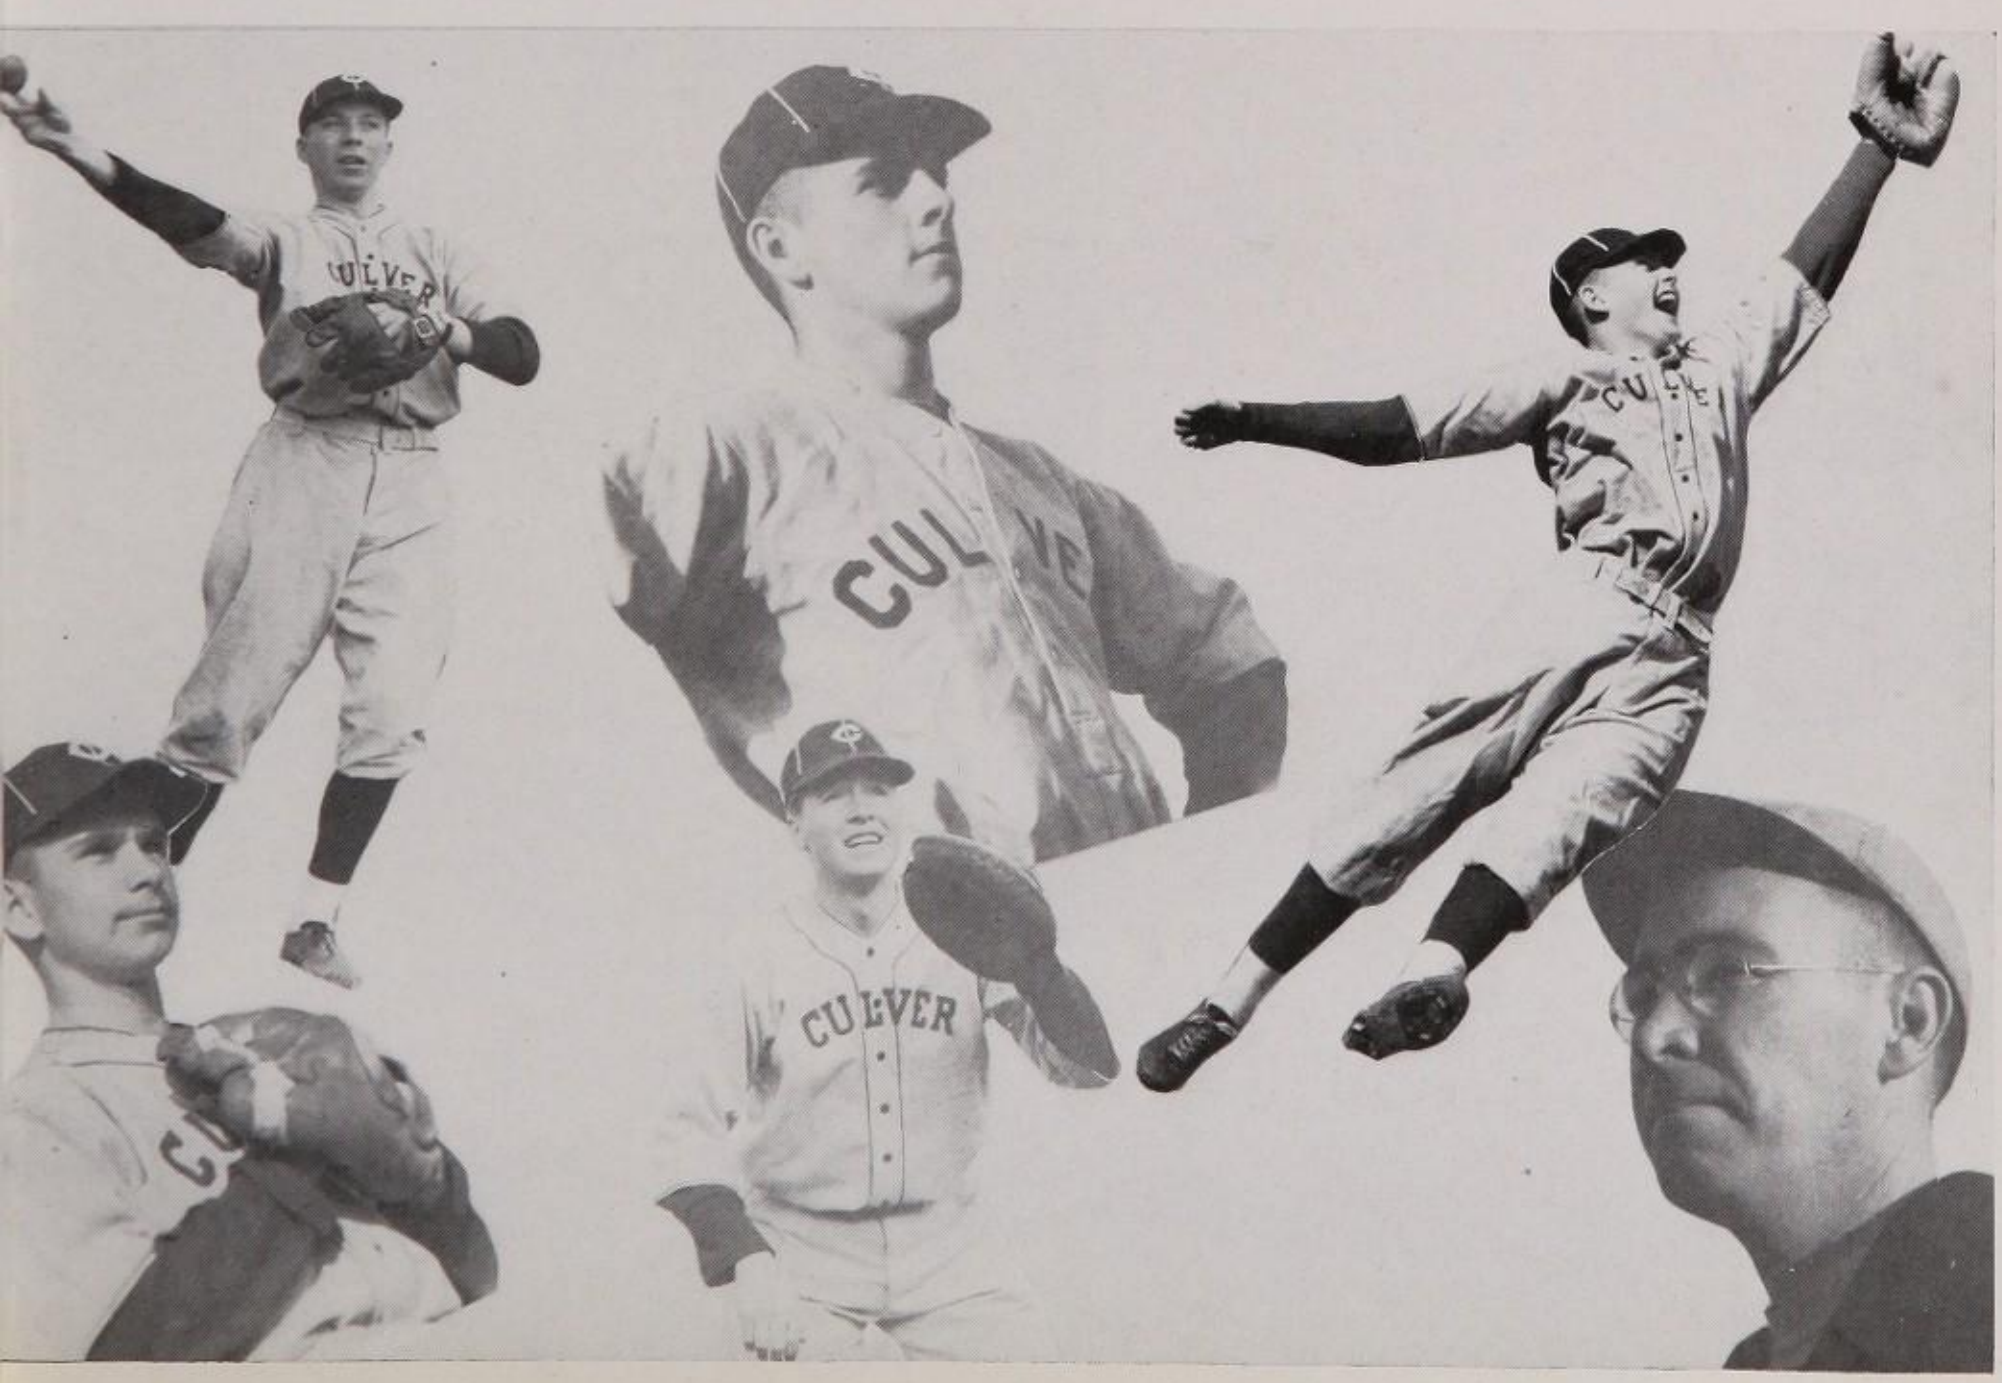
on April 16 was called off. The next game will be played on April 20 against a strong aggregation from Park School (Indianapolis). No starting team has been picked for this opener, as the head coach will have to choose carefully, and as yet he has not been able to do this. Park School is an old rival of Culver, and the CMA nine will be out for revenge for the 1 to 0 defeat that was handed to them by the Park nine last year.

One can be sure that the 1940 varsity squad will be out to make a commendable record this year to offset last year's disappointing record.

The 1940 schedule is as follows:

April	20	Park School, here.
April	27	Riley High School, here.
May	4	Central (South Bend), there.
May	11	LaPorte High School, here.
May	18	Washington (South Bend), here.
May	25	Nappanee High School, here.
June	1	Park School, there.
June	8	Steinmetz High School, here.

2nd Baseman Eichmueller, Outfielder Stanton, Outfielder Schminke, Shortstop Parker, R., 2nd Baseman Gooding, Assistant Coach Donnelly.



Varsity Crew

Commander Fowler, veteran crew coach and sailor, guided this year's squad to a successful finale.

Scott Taliaferro captained the crew this year after several years of active service in the shells.

Here the camera caught the first boat on a practice run across the lake early in the season. Seated in order are Stevens, West, J., Kohler, Spitzer, Marshall, Capt. Taliaferro, Harmon, and Arthur.

When Commander Fowler, head coach of the varsity crew, returned from California, he was glad to see approximately fifty-three candidates working hard on the indoors machines under the supervision of assistant coach, Roberts. These candidates have been working on the machines ever since fall, and appeared to be in excellent condition for the tough schedule that lies ahead. The team this year has a real goal to go for, as last year's team ended its season without a single defeat.

Commander Fowler has at his disposal three returning lettermen from last year's undefeated crew. They are Scott Taliaferro, Marshal, and Kohler. From last year's junior varsity team come the following four men—Harmon, West, J. A., Spitzer, and Kirksmith. Around these men the two coaches have high hopes of repeating last year's record. Men who will give these lettermen a tough fight for the first boat are Stevens, Arthur W., Rees, W., and Bransky. Team's captain, Taliaferro, thinks that there is the material in the fifty-

three candidates to make another undefeated boat, and is working hard to bring this about. The little fellows who make all the noise this year are Bullock and MacMillan, and at this time it looks as if they will hold the position of coxswains on the two first teams. L. C. Trovillion is this year's manager.

The schedule this year is the same as last years, but it won't start until May 11 when the Culver oarsmen will travel to Aurora, Illinois to row against the Aurora Boat Club, an old crew rival of Culver. This will be the only race that will be rowed on belligerent waters. The next Saturdays, the team will race against the following teams—May 18, the Lincoln Park Boat Club; May 25, Lane Tech School; and on June 1 the Wisconsin Freshmen Crew. On June 9 the Culver oarsmen will row their last race of the 1940 season in a return race with the Aurora Boat Club.

Because of inclement weather, the crew was not able to practice on the lake before the Roll Call went to press late in April, but both coaches do not feel that this handicap will prove to be detrimental to the outcome of the season as seven of the candidates have seen action in numerous races in the past few years, and more than one newcomer has had previous experience.

Polo

Considering all factors, this year's Polo team ended a very successful season with nine wins and five losses. Culver is one of the few prep schools with a polo team; even so our team is entered in the Metropolitan Polo League, which is composed of veteran teams with players who have played together for some years. This year's team played together for the first time, but by excellent playing and ardent practice under the close eye of Colonel Hoge, the team turned in a very highly commendable record. Sergeant McGregor aided Colonel Hoge in coaching the team.

Louis Farr, a veteran Culver player captained the 1940 team with a real goal in mind, to make a team that would have a good showing against any team. This year Farr played with a two goal handicap, a very high rating. Ralph Harris, another veteran player held down the number one position with his dare devil riding that brought gasps from the spectators. Connors, who played number two position, is the youngest polo player in the Metropolitan League and he carries a one goal handicap as does Harris. Jake Reams, alternate, played as a fill in man, and did a swell job in quite a few games. Cadet Gates managed the team.

The Culver trio played three games before the Christmas Holidays, winning the first two from Franklin Polo Club and the Brookfield Polo Club by the scores of 13 to 9 and 15 to 11 respectively but they dropped the third 3 to 11 to the Oakbrook Polo Club. After Christmas the Maroons defeated the Brookwood Club 14 to 12, but the Chicago Shamrocks took the next game 13 to 6. Culver retalliated by winning the next game from the Salem Club 12 to 5; but a strong team from Detroit defeated the Maroons by a big margin, 23 to 7. Culver dropped the next game 11 to 5 to the Ranchers of Chicago. The Maroons continued their losing streak when the Cincinnati Club came out ahead 12 to 10, but a week later both teams met again and this time Culver came out ahead 13 to 12. The 122nd Field Artillery team fell victims next being defeated by the score of 11 to 9. The Culver trio ended their season by taking the last three games from 122nd Cavalry 15 to 9, and from the Chicago Black Horse Troop playing them twice 14 to 13 and 9 to 8.

Cross Country

Forty some odd men showed up for this ever increasing sport. Coach Carpenter was highly pleased at this. The backbone of the team consisted of McNagny, Capt. Gardner, Stants, Janssen, Carlo, Beall, Perrine, Nicholson, and Foster, all returning lettermen. Outstanding newcomers were Short, Wise, Gaines, Bridges, Baxter, and Holbrook. Griffith, present course record holder, was unable to run this year because of illness.

In the season's opener against Riley (South Bend) the team emerged victors by the score of 16 to 39. Stants, Gardner, McNagny, and Baxter all finished in a dead heat for first place. Carlo and Janssen of Culver finished sixth and seventh respectively. The harriers remained undefeated after their second meet with Mishawaka by the score of 26 to 29. This is the first time Culver has ever beaten the Indiana runners since this sport began here. Marvel of Mishawaka finished first closely followed by a teammate. Baxter, Gardner, McNagny, and Stants were next in turn to follow. Carlo and Janssen came in seventh and eighth. The Maroons were defeated for the first time by a strong team from Fort Wayne (Ind.) 36 to 21. Baxter crossed the finish line as the first Culver man taking third place. Next in for CMA was Gardner, fifth, Stants, seventh, Carlo, tenth, and McNagny, twelfth. The Harriers dropped a close race with Hammond (Ind.), State Champs 31 to 24. Lytton of Hammond broke the course record as he came in first closely followed by a teammate. Three Culver runners, Baxter, Stants, and Gardner captured the next three places. Hammond came back with the next three places and Culver took the last three spots. All races took place between halves of the football game.

Out of four tough meets the Maroon Harriers split even winning two and dropping two.

At the close of this successful season, the cross-country team had a banquet at which they elected Janssen to pilot the 1940 varsity team. Twenty letters were awarded. The following cadets received the awards: Gardner (Capt.), Baxter, Bridges, Brown, Carlo, Croft, Gaynor, Harris, Gaines, Holbrook, Janssen (Capt. elect), Kelly, Knight, McNagny, R. Perrine, Short, Stants, Noyes, Terwilliger, and Kemmerer. Reserve letters went to Cole, Dazey, Daugherty, Finkbine, Foster, Nicholson, W. Perrine, Quinn, Whipps, Weir, De la Camara, and Johnson.

Fencing

Fencing was inaugurated this year at Culver as a varsity team for the first time in Culver athletic history. The Indiana Technical College was defeated in the first meet by a score of 12 bouts to 4. Arthur Levine and Peter White were outstanding for Culver by each winning all four of their individual bouts, James Odell and Toddie Wynn also fenced for the cadets.

On January 20, the cadets forged a tie in a particularly hard meet with the Indiana Normal College which resulted in a tally of 8-8. Odell scored high for the cadets by winning three bouts out of four. Scores for this meet were: Odell 3 won, 1 lost; Levine 2 won, 2 lost; White 2 won, 2 lost; Wynn 1 won, 3 lost. Instead of battling out the deciding match, the meet was decided in a return match later in the season.

On February 17, the cadets fell prey to a top-notch team from Cranbrook of Michigan. The final score was 19-6 in favor of Cranbrook. Levine and Agee of Culver each won two out of five difficult bouts, with White and Wynn each winning one and losing four. Odell also fenced for the Maroon squad.

On February 24, the cadets captured a comparatively easy match from Morgan Park Military Academy by the score of 10-6. Levine won 3, lost 1; White won 3, lost 1; Odell won 3, lost 1; and Agee won 1 and lost 3.

The cadets encountered, and were defeated by a strong team from La-Grange, Illinois, on March 2, with a final score of 16-9. Starring for Culver was Dick Agee who won four bouts and dropped one. Levine won 3, lost 2; White won 1, and lost 4; Odell won 1, lost 3, while Wynn and Huston each lost 2.

On March 9 Culver was defeated by Wright Junior College by a reckoning of 11-5. Levine and White scored high for the cadets by winning two bouts out of four apiece, with Agee winning one and losing three; Odell losing two, and Wynn and Huston each losing one.

On March 16, the cadets fenced a return match with the Indiana Normal College, and defeated them in a very close match by a score of 9-8. The scores were Levine 3 out of 4; White 3 out of 4; Agee lost 2; Wynn lost 1; and Huston won 1 (default) and lost 1. This again tied the score at 8-8. It was decided that the team captains should fence the deciding match. Levine of Culver won 5-2, thus sealing the meet for the cadets.

The final and most colorful meet of the year was March 23. The foil men encountered a strong team from Indianapolis, The Indianapolis Fencing Club, and were defeated by the score of 8-6. The outstanding work of the day was done by Levine of Culver, who defeated all of his opponets in order. The scores were as follows: Levine 4 won, 0 lost; Odell won 1, lost 2; White won 1, lost 1; Agee lost 3; and Wynn and Huston each lost 1 tussle. These matches were directed by Mr. Williams of Chicago, and Dick Smith, '39 of North-western.

Arthur Levine captained this year's team with Mackoff as manager, and Agee as captain elect. Lettermen were Levine, White, Agee, Odell, Huston, and Wynn.

Varsity Rifle

Major Obenauf, coach of the varsity targetmen, was pleased to see that at the beginning of the season he had seven returning lettermen from the previous year's squad. The team was captained by Gardner, and managed by Gates.

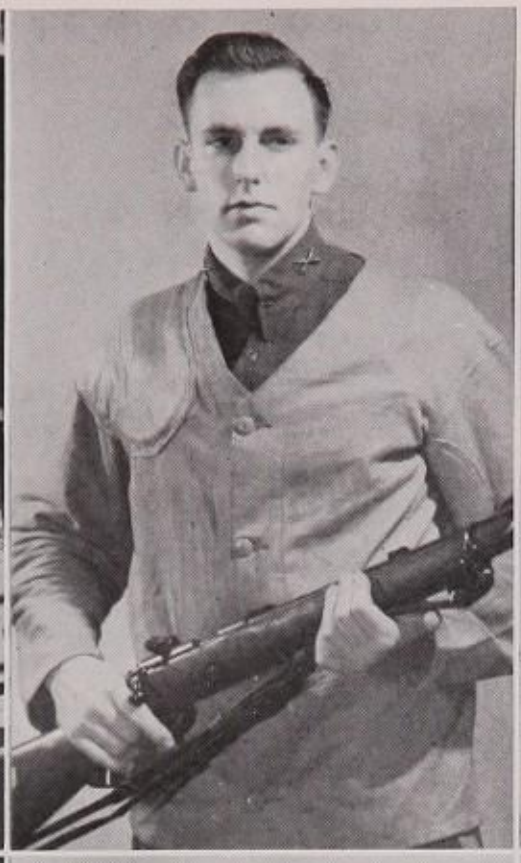
The season was opened with correspondence matches with Kemper Military School, University of Georgia, and Utah State Agricultural College. Staunton Military Academy was also one of the team's first opponents. By the time of the first match the team was composed of the following men: Gardner (Captain), Gilman, G., Kaelber, Monro, DeLancey, Orr, Kemmerer, Becher, G. W. Allen, Tortura, Brewster, Hansen, Noble, Smith, Doyle, Wise, Walton, Thomas, Noyes, and Miller.

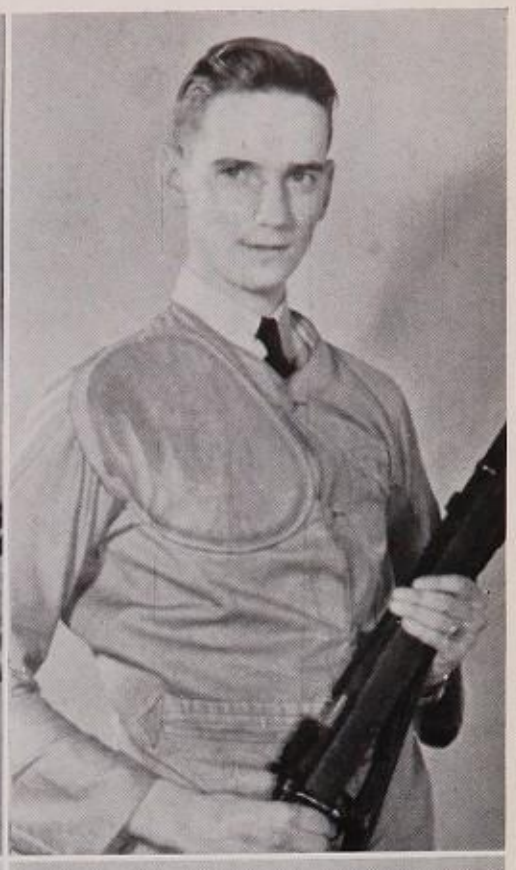
The varsity rifle team took third place in the Fifth Corps Area Championship. The team was in competition with thirteen senior R.O.T.C. units in colleges and universities. Taking into consideration the type of competition that the squad was up against the team did quite well to take third. Ohio State University proved to be superior in this mach, and its team took first place. High in the four stages of this match were: sitting-prone, Gardner; kneeling-prone, Becher; standing prone, Smith; and prone-prone, DeLancey. In the prone-prone stage a new school record was established with the score reaching to sum of 1984.

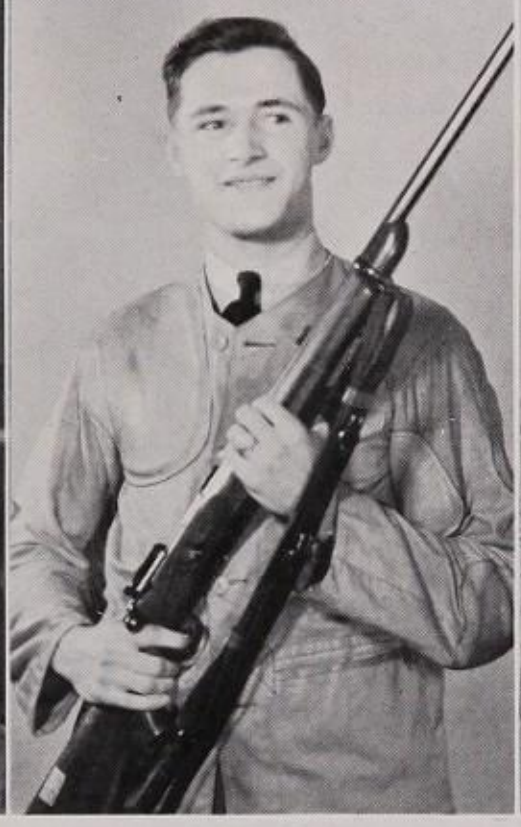
When the team traveled to Evanston, Illinois, to participate in the Mid-West Interscholastic Team Championship, they surpassed all expectations by overwhelming its chief rival, Evanston, and walking away with the championship. The totals were: Culver, 1849—Evanston, 1816. The riflemen returned to the campus with plenty of smiles for they had taken nineteen of the forty-nine individual medals besides the five first-team medals. Smith made an extremely fine showing, for he brought home seven medals. Becher was close behind with five medals. The high five who made up the winning Culver team were Smith, Captain Gardner, Kemmerer, Monro, and Becher.

On March 16, the riflemen bowed in defeat to the Maxinkuckee Rifle Club of Culver City, in a shoulder to shoulder match. The final score was 1366—1356. The high scorers for the Maroon and White were: Gardner, with 275, DeLancey, with 274, Kaelber, 271, Totura, 269, and Becher with 267.

At the time of this writing the letter winners were not known, and also next year's captain had not been chosen.







Bottom row, left to right: Jones (Manager), Becher, Kemmerrer, Gilman, Gardner (Captain), Capt. Obenauf (Coach), Orr, Munro, Kaelber, and DeLancey.

Top row: Dunlap (Manager), Totura, Walton, Smith, Noble, Hansen, Doyle, Miller, Allen, Noyes, and Brewster.

Varsity Wrestling

In its third year as a varsity sport, wrestling proved to be very popular, and the matmen turned in a fairly good record considering the type of competition that they were opposed by. They were able to annex two of their five meets.

As usual Mr. Goulding acted as coach, and Allen held the position of Captain of the squad.

Opening the season against a strong team from Muncie, Ind. High School, on January 27, the grunt and groan men went down to defeat before an extremely strong aggregation. Capt. Allen was the only Culver wrestler able to win his match. The visitors won by the decisive count of nine matches to one.

In the second meet of the season against a strong team representing Central High School, of South Bend, the team met its second defeat in as many starts, 34-10. Despite the score there were quite a few very closely contested matches. Fee and Johnson were the two Culver men who won their matches from more experienced opponents.

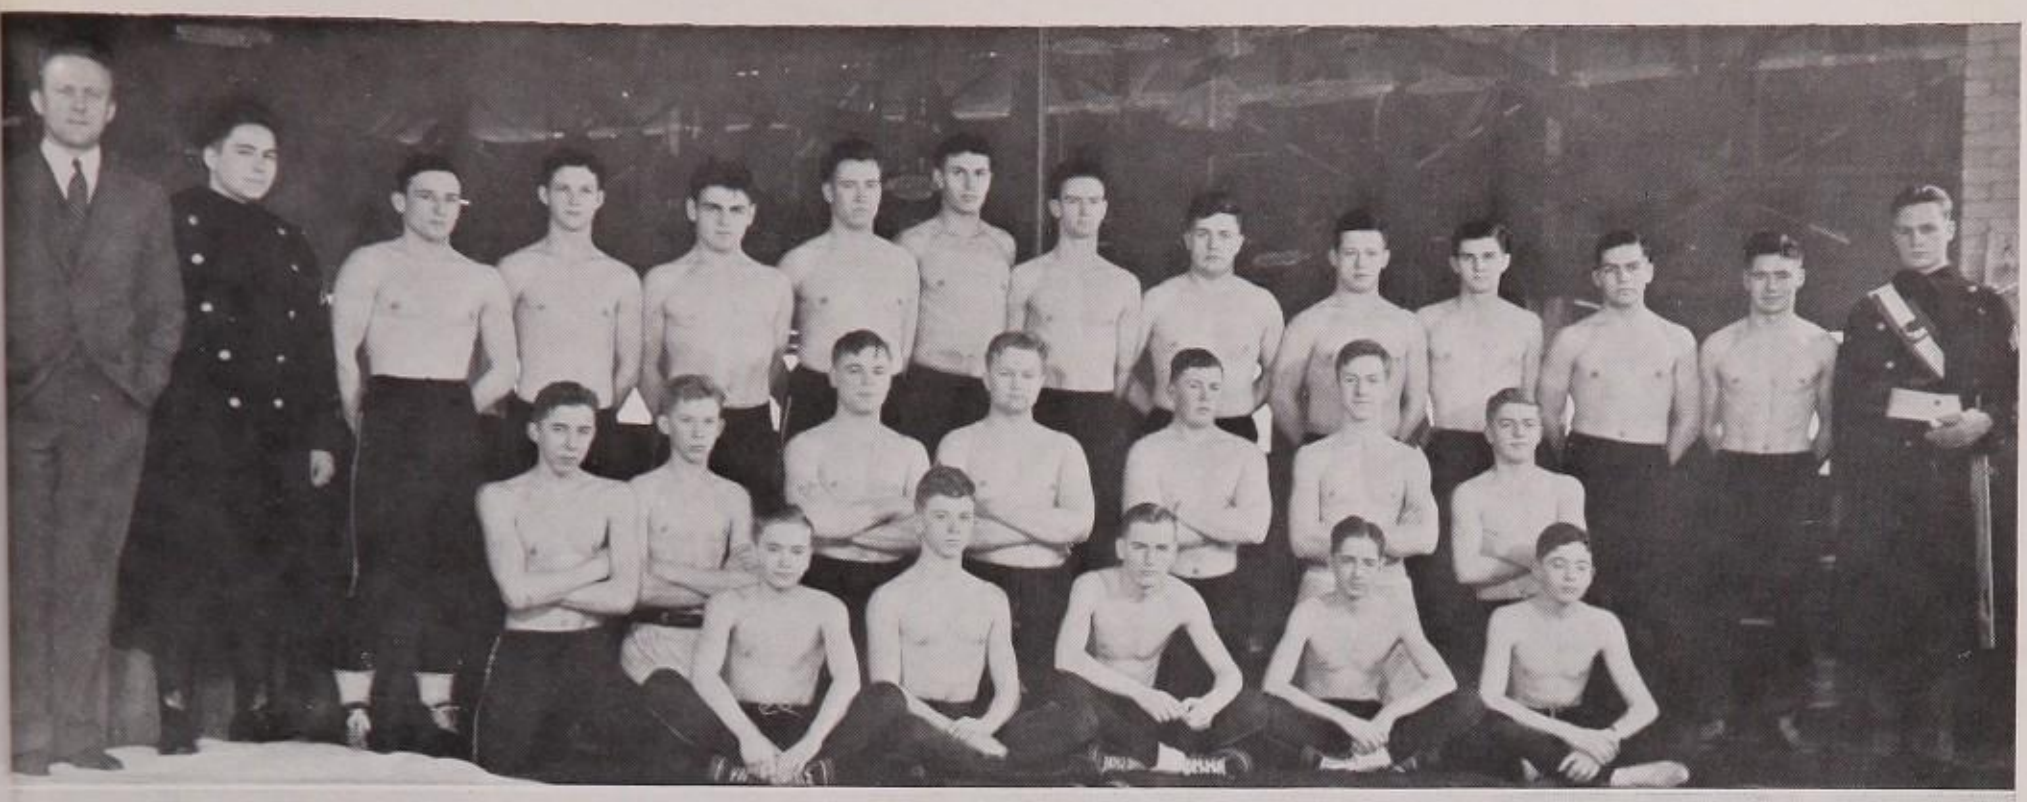
The team turned in its first victory on February 17, over a strong team from Cranbrook School, Detroit, Michigan. The final score read: Culver—26, Cranbrook—11. Credit should be given especially to Fee and Captain Allen in this meet, for they defeated opponents, who had nothing but victories on their records.

Continuing its winning ways the squad turned in a decisive victory over the Washington (South Bend) High School team, by the score of 45-3. After this meet it looked as if the team might continue on through the season in championship style, but the next Saturday was to show that the squad was far from perfection.

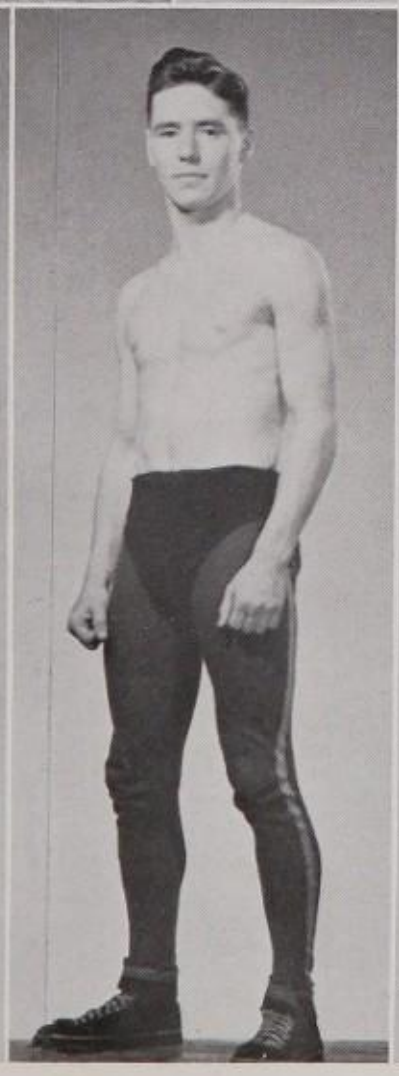
In the last meet of the season on March 9, the grapplers yielded to the Y.M.C.A. of Indianapolis, 21-17. The Culver team was ahead until the last match, when the visitors came from behind to add another victory to their long string.

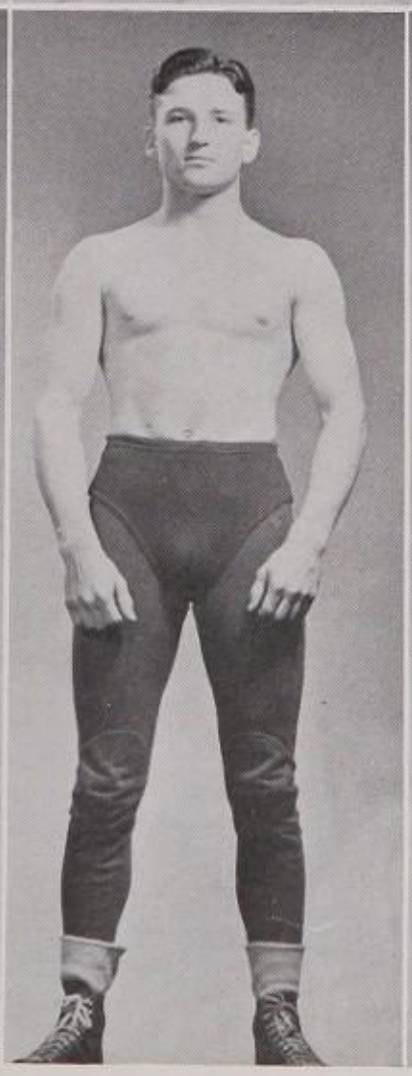
Coach Goulding announced that the following men would receive varsity letters: Bullock, Sober, Steele, Norton, Ball, Cadmus, Bockhoff, Hanley, Fee, Ritter, Scharff, Allen, Parker, Johnston, T. Foster, and Manager Ward. Reserve monograms went to Paty, Hall, Johnson, Berry, and Boyd (assistant Manager.)

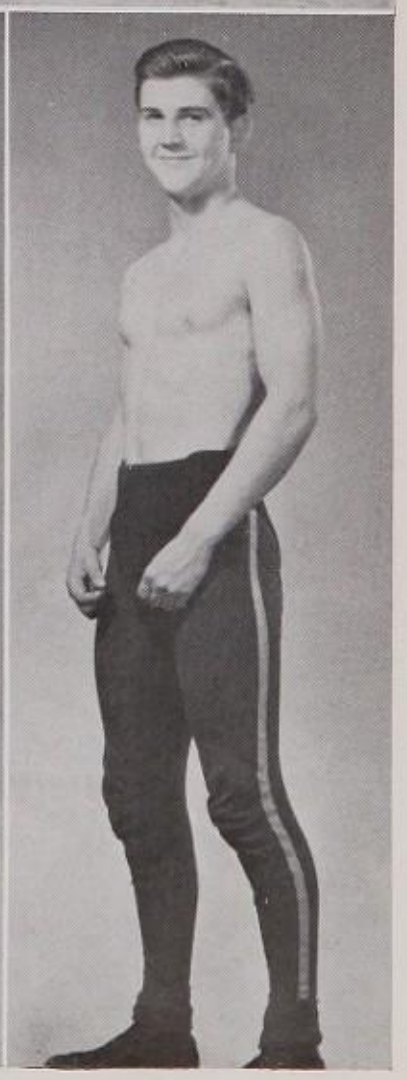
At the time of this writing no captain had yet been selected to succeed Captain Allen, but it was believed that team captains would be selected for each meet next year.



The wrestling squad consisted of, left to right, bottom row: Bullock, McClung, Norton, Sober, Steele. Second row: Ball, Cochran, Schaarf, Hall, Pearce, Van Hagen, Cadmus. Standing are Coach Goulding, Foster, Bockhoff, Paty, Jansey, Berry, Johnson, Captain Allen, Johnston, Parker, P., Fee, Ritter, Hanley, and Manager Ward.







Varsity Golf

Golf, one of Culver's most popular spring sports, got to a late start this year because of bad weather. Erv Nelson, coach of the varsity linksters had at his disposal three returning lettermen, who saw plenty of action last year. Around these three men, coach has high hopes of building a team that will give any other trio a tough battle on the links. Approximately thirty odd cadets turned out to vie for the starting team, and from the looks of things, these three returning lettermen won't have an easy job keeping their respective places on the team. The outstanding newcomers are F. Clements, D. Mills, Kretchmar, Huck, Moran, Rosenbaum, Kinchloe, and Ramsay, and the three returning men are team's captain Hernandez, Hubbard, and Schlegal.

For the first time in the history of golf here at Culver, the three outstanding men on the team will journey to Lake Forest the latter part of May to participate in the Mid-West golf tournament. This is the goal for every varsity golfer and the competition for the three starting positions will be extremely great this year. Coach Nelson will have a tough time choosing the first team, as there are quite a few golfers who have been shooting low scores consistently during the short spring practice. Since no matches will be played before the Roll Call goes to press, no resumes will be given; but the tentative schedule will be given. Cadet Lawyer will take care of the scores acting as team manager.

Varsity Tennis

With three returning lettermen and a score or more very promising newcomers, the tennis team was looking forward to one of its most successful seasons. Mr. Goode, who was away from Culver studying for a higher degree will be in charge of the squad, and he will be very ably assisted by Mr. Hill and Mr. Bentz. As this article goes to press it is believed by the coaches that this year's squad can continue in the footsteps of the undefeated team of last year. Because of inclement weather, the squad was still hard at work in the gymnasium, as this article was written.

When Coach Goode made his first call for players late in March, a large number of men made their appearance. Three lettermen from last year's undefeated squad were present. These three were Captain Williams, Sewell, and De la Camara. They were expected to form the nucleus of the team, but a few newcomers should become outstanding. Bromly, a plebe, made an extremely fine showing during the fall short session, and it is probable that he will be one of the regular players. Other men who will probably see plenty of action are: Llano, Stephenson, Campbell, Hoge, Forshee, and Heilman.

Coach Goode expects to have the squad cut down to fifteen by the time of the first match, which will be late in April. The schedule is possibly the toughest that a Culver tennis team has ever faced, but Coach Goode is expecting to win at least a majority of the matches.

Coach Goode was stressing the attack style of play, for in the past he got very good results with it. He also continued his search for underclass players who were willing to undergo a lot of hard work to become a tennis player for he believes in starting the players early, so as to have a knowledge of the game by their last few years in Culver. This method has proved its worth in years gone by.

Rough and ready and yet a gentleman, these were the traits of Jerry. On the football field or in the boxing ring, he excelled and he could also hold his own in any parlor conversation. Bill, "the original Sprucer," could always be counted on for a good time—even if he was on a "gripe" about his love life. He was a real southerner, he was the most anti-northerner in school, yet his good nature and easy-going way made him one of the most popular cadets in Culver.

We had great hopes for Joe when he entered Culver two years ago, but he just didn't seem to be the bold Latin lover type. He was just too informal and likeable. A resident of the Philippine Islands, he could give us the real dope on them. He gained many friends at Culver and will make many more.

"Todd the Termite" leaves us the permanent impression of a charming gentleman. Sometimes we wondered how such a deep voice could come from such a small man. We will always remember the episode wherein he earned the title of "Floyd, the Mad Chemist." His swinging walk and the hesitation between his commands which sometimes fooled us will remain as an integral part of our memories of Culver.

Art entertained us for four years with his silly antics which he continually performed. He was a member of many athletic teams, both varsity and company, and was always welcome on the athletic field because of his ability and sincere joviality. He was one of Culver's milder variety of camera fiends. Art made many friends and without a doubt will make many more wherever he goes.

A son of the Oklahoma plains, Sam expended the great amount of energy in his small frame in company football and rifle. Bob was one of the most likeable fellows in the Troop. He had dark, wavy hair and a not at all unhandsome countenance. Ready for a good time at the slightest change of moods, he was a welcome member of any group. Bob was probably one of the best bridge players that we've seen this year.

Members of the Post Graduate group, standing left to right are Taliaferro, Eichmueller, Thomas, J. B., Mills, D. W., Kinchloe, Huber, and DeLancey.

Post Graduates

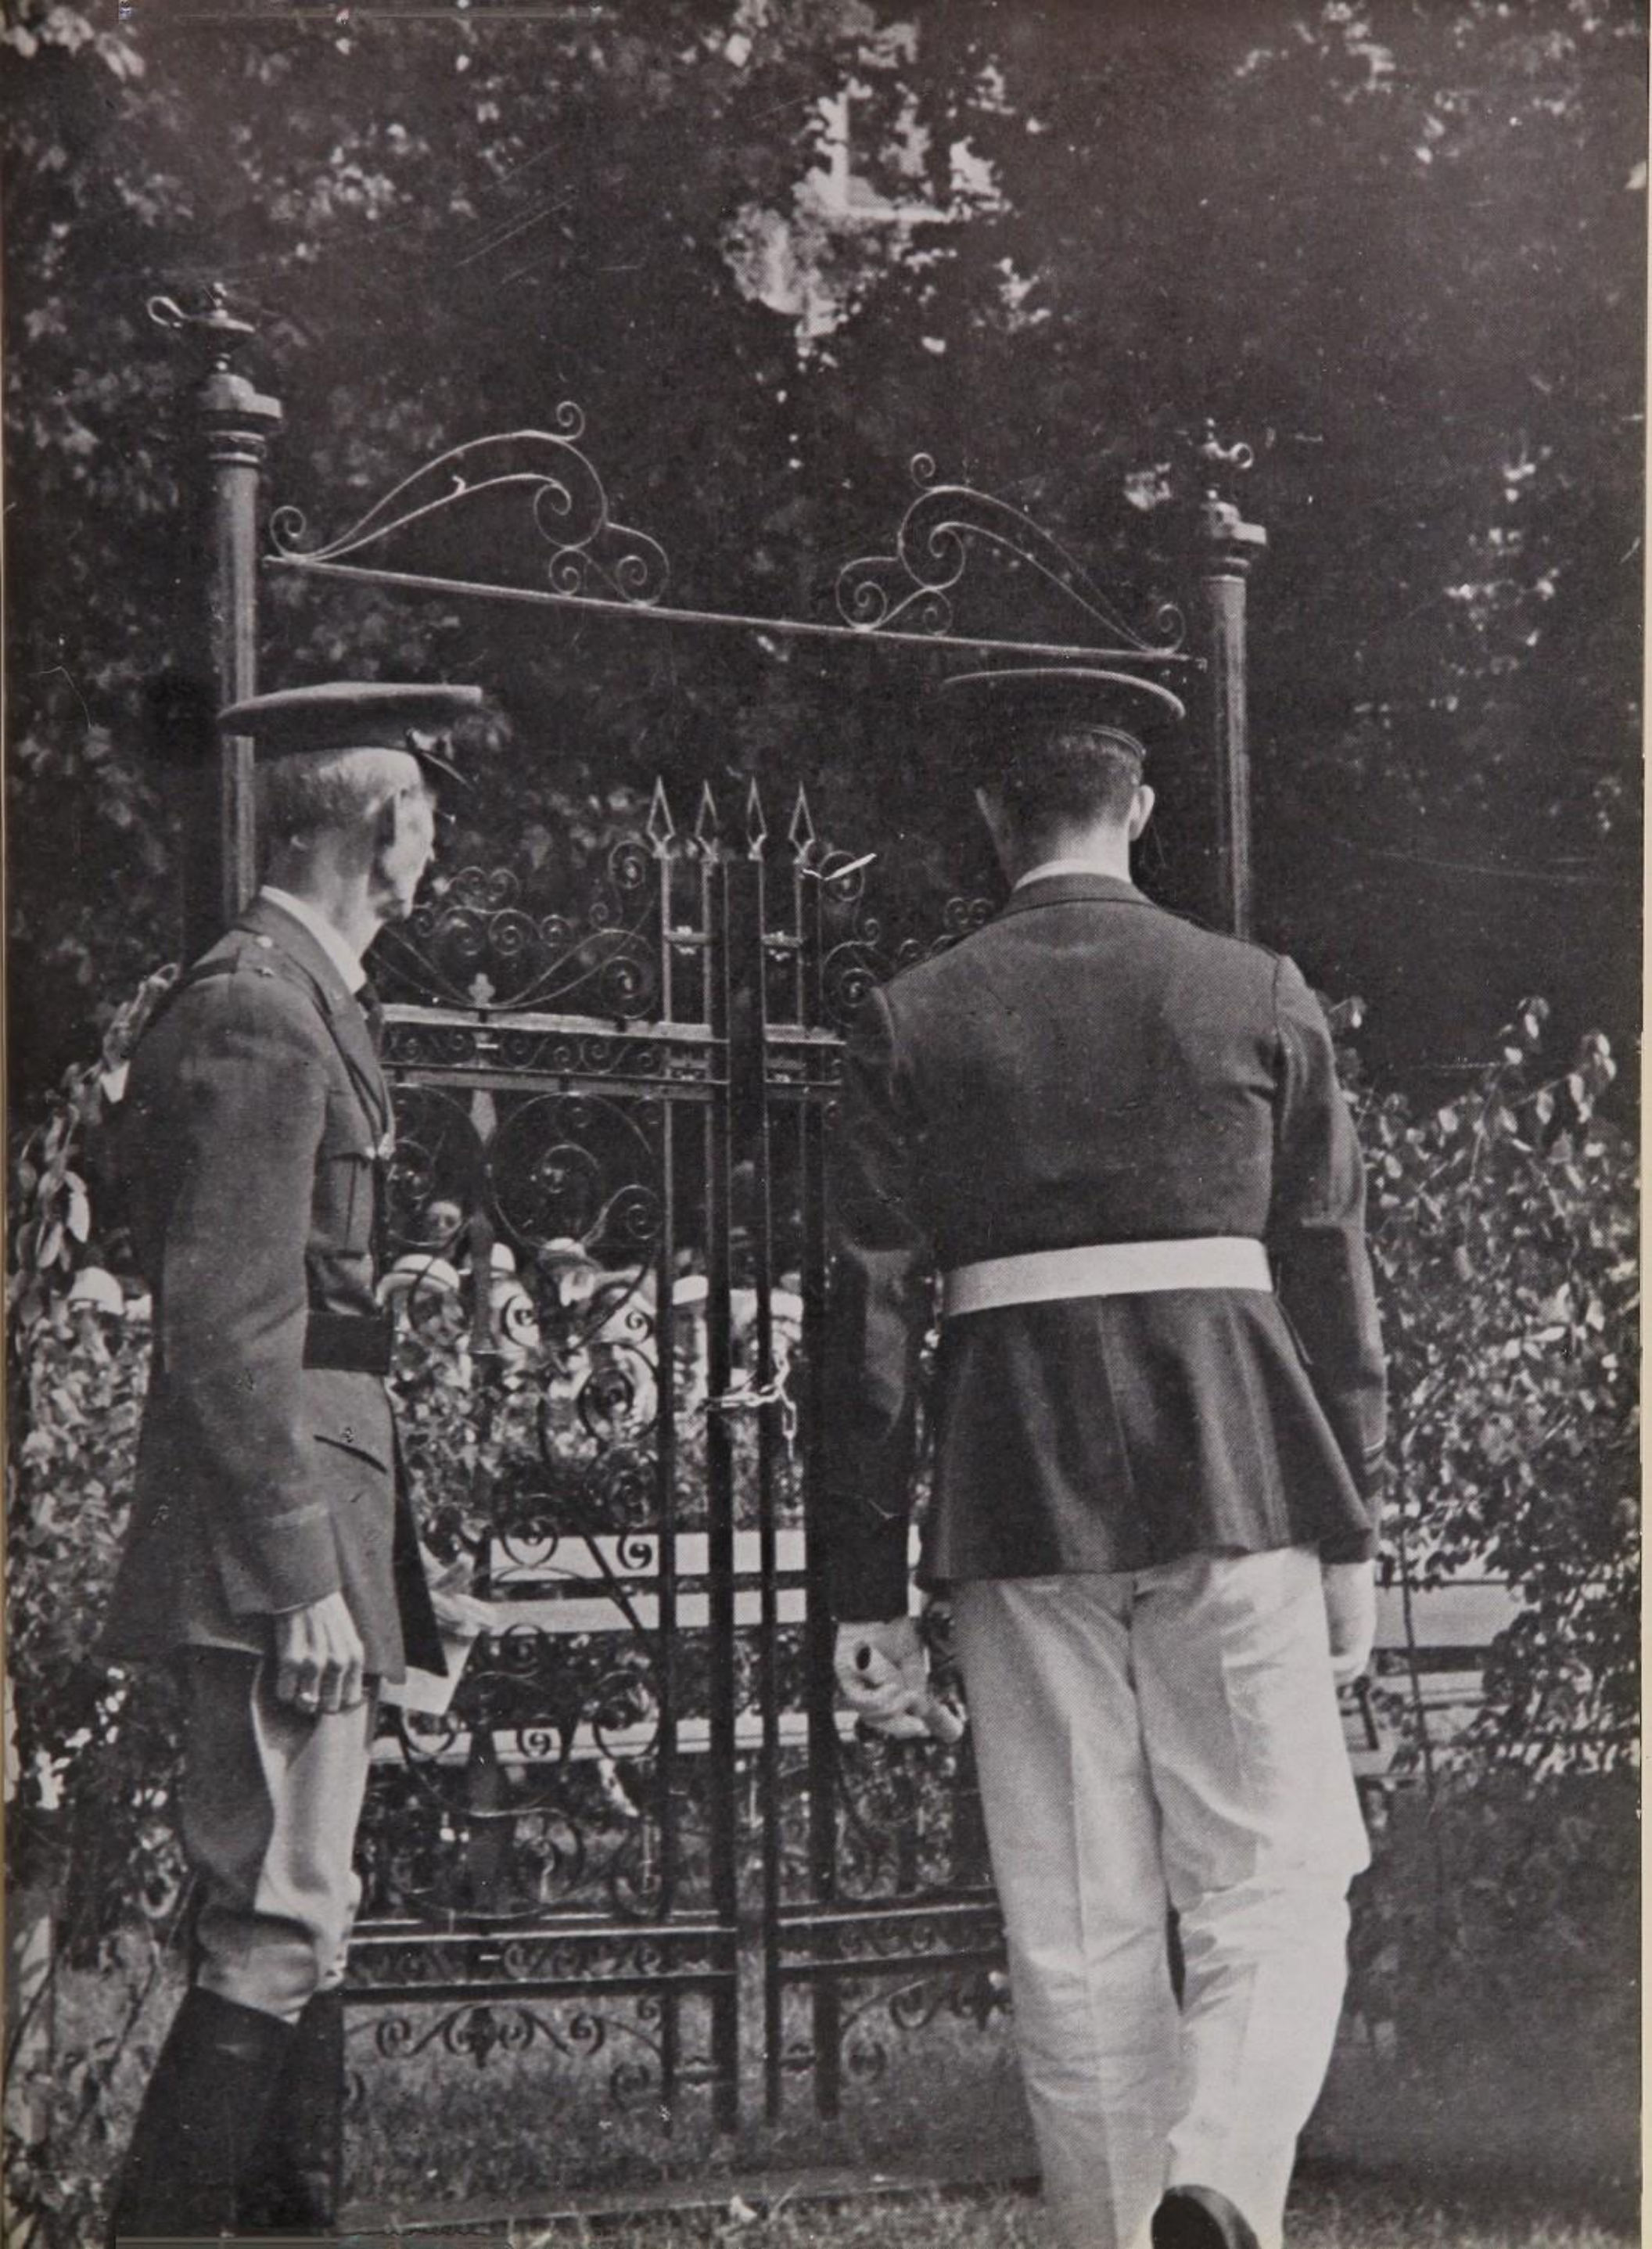
The Post Graduate group comprises those cadets who have previously graduated from either Culver or a recognized high school and are doing junior college work here at the academy. Previously known as Junior College, these men have taken the status of Post Graduate this year. They are allowed first class privileges, and as first classmen, they are permitted to participate in athletics, and other school activities, including appointments to office in the corps. Some of these men are portrayed here in the ROLL CALL, while others have had their pictures here in previous years.

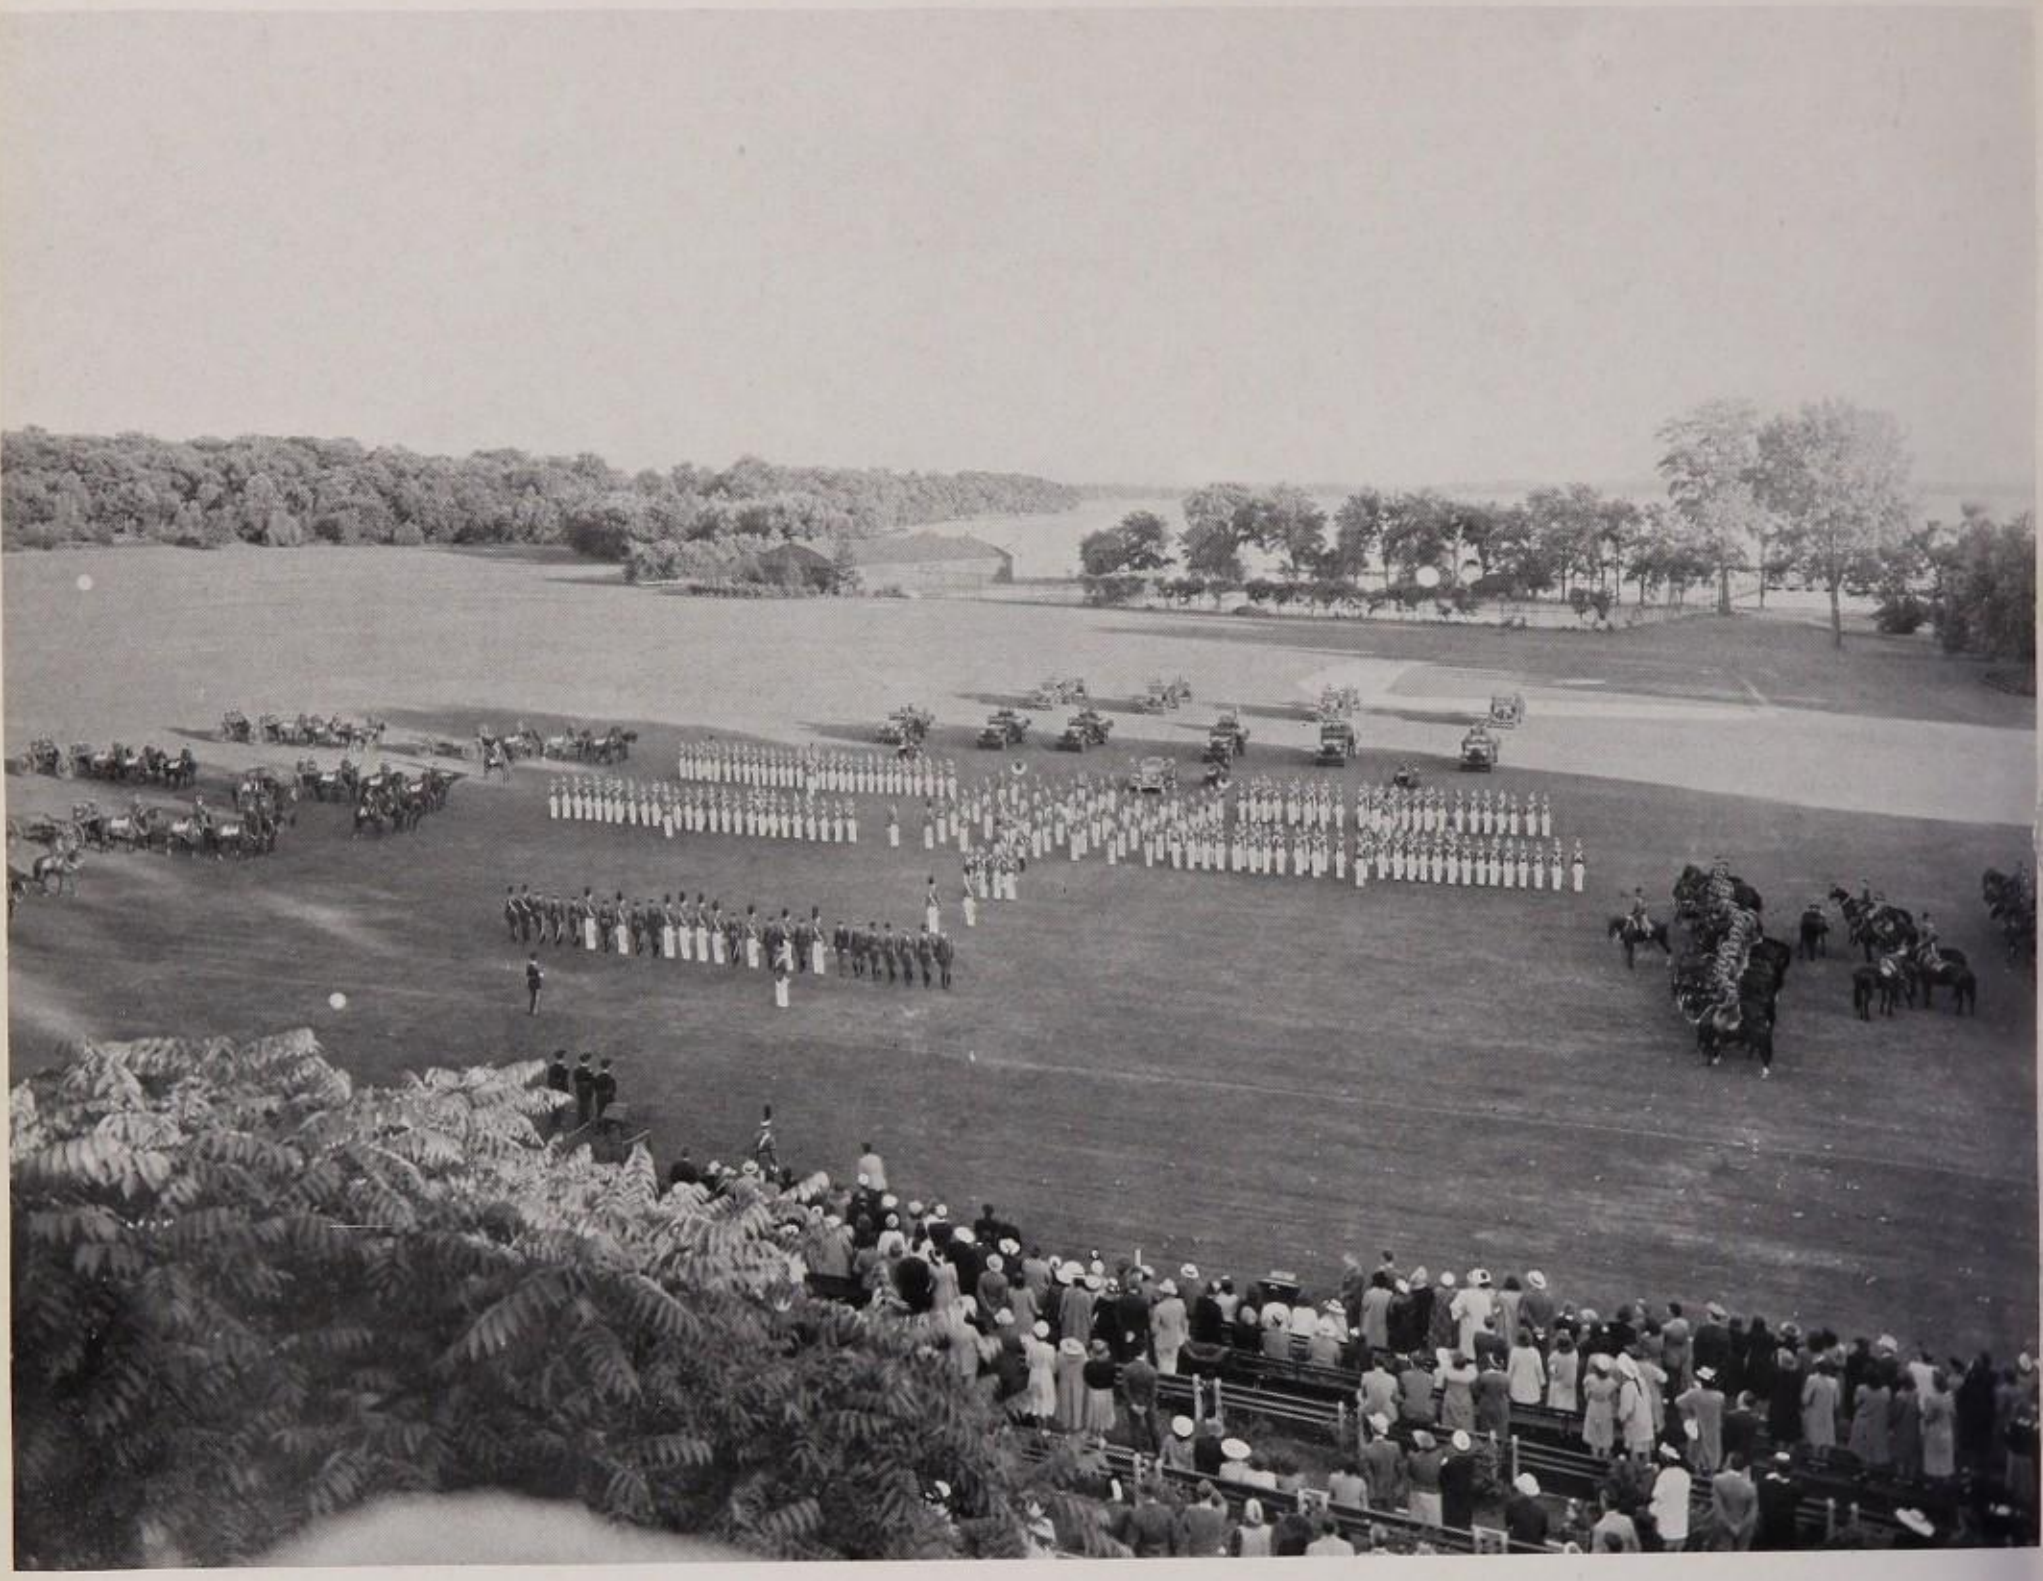
Post Graduates

Members of the Post Graduate group this year were Taliaferro, Mills, D., DeLancey, Eichmueller, Thomas, Kinchloe, and Huber. Of this group three were commissioned officers, and three were non-commissioned. All wore varsity sweaters with the exception of one, and two were captains of major sports teams. They are pictured below in an informal pose, distorted by the camera into a phantasy of faces and figures.

IT IS WITH MISGIVINGS THAT WE COME TO GRADUATION, FOR IT REPRESENTS THE FINAL STEPS TO THE WORLD THAT HAS NONE OF THE FAMILIAR FEATURES AND FACES OF CULVER.

Commencement





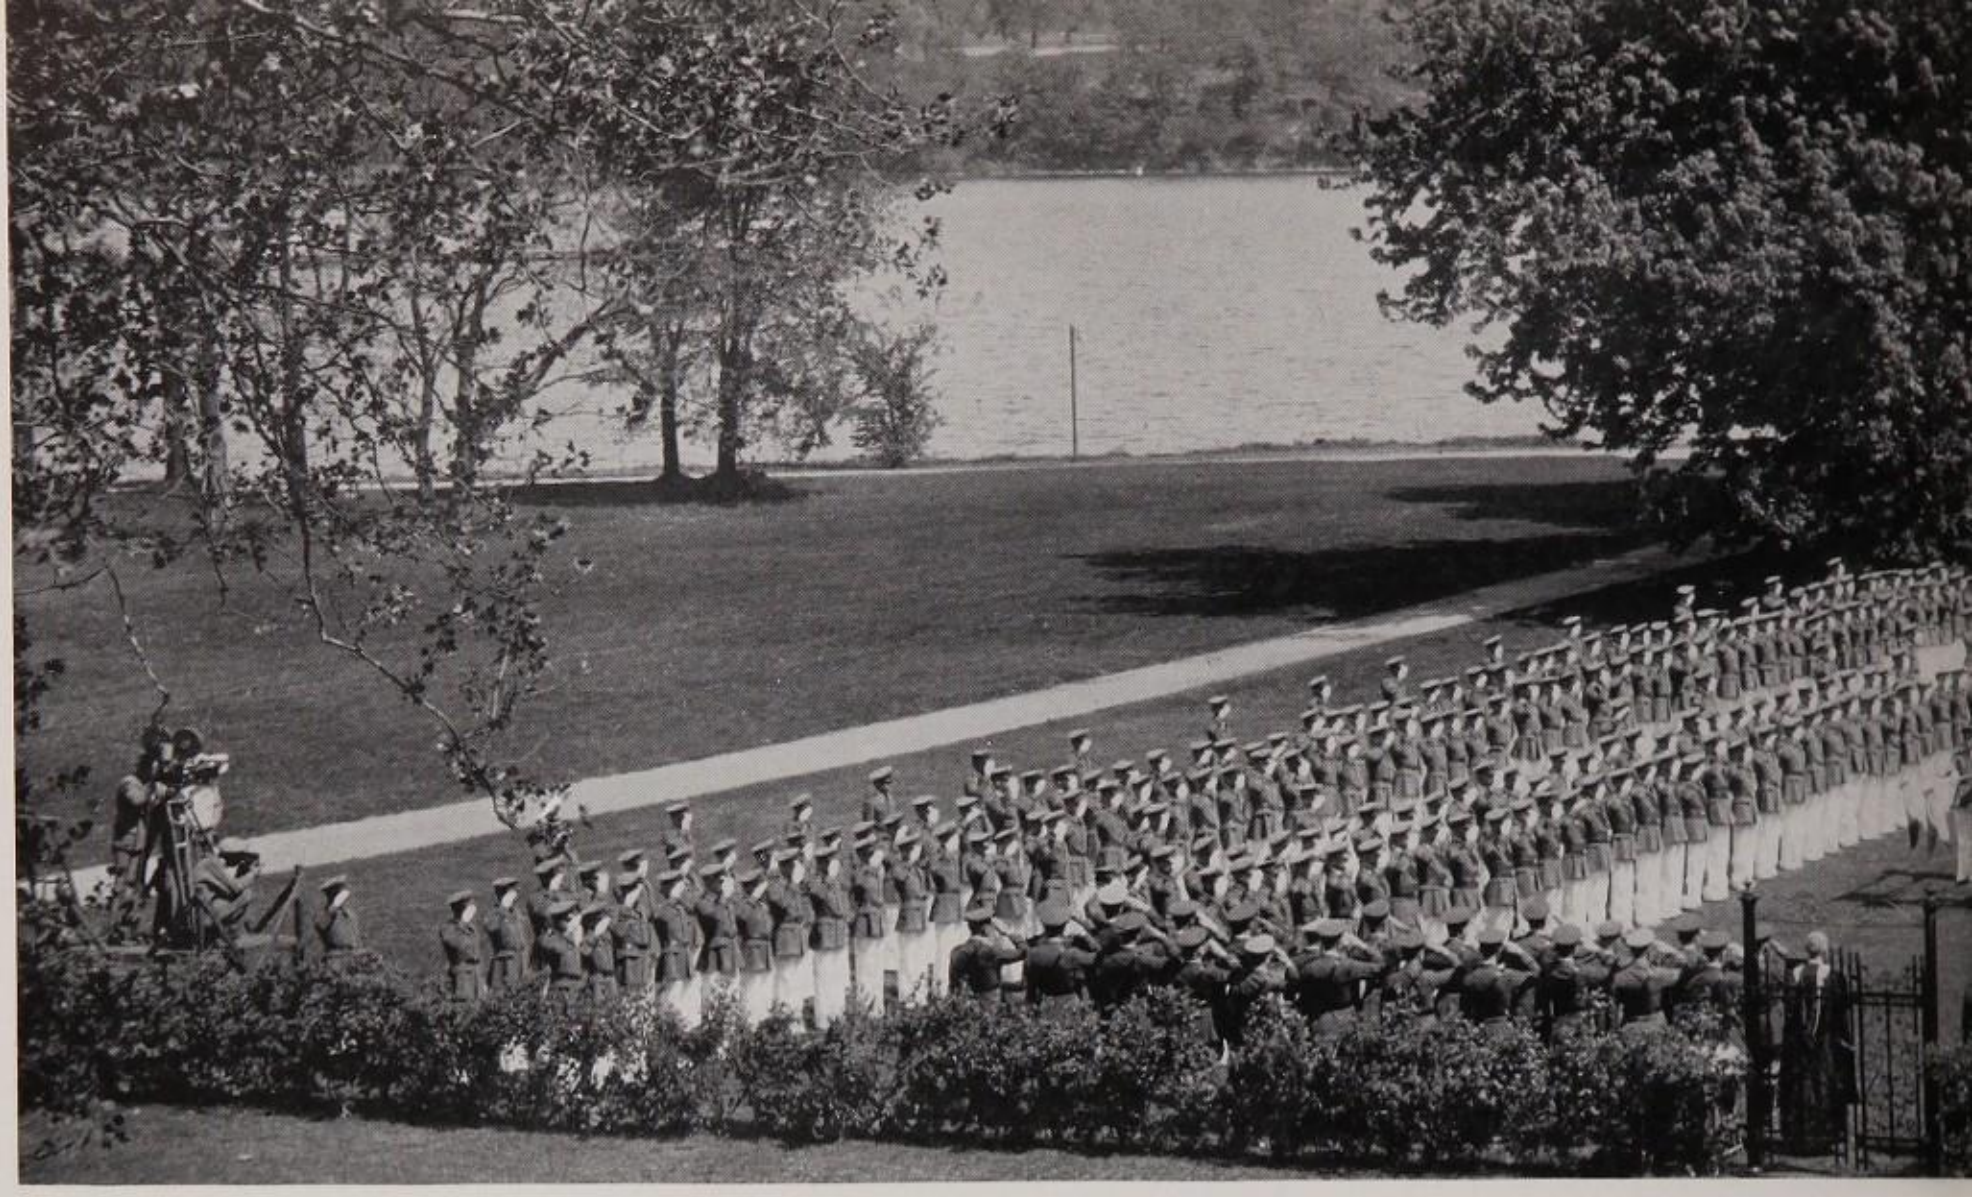
Drawn up at the final parade, we see the Culver regiment, the Infantry, motorized and foot companies, the Band, the Troop, and the Mounted Field Artillery. This formation, a token of the first class's final appearance as a group within the marching organizations of the school.

No first classman will ever forget this final parade, a sub-finale to the final formation, looming in the offing. Here is Culver, a tradition and an intangible spirit.

Highlight of the Commencement dance, finale to four years' work for many, is the firing of the reveille gun by the "date" of the regimental commander, surrounded by the other cadet captains and their dates.

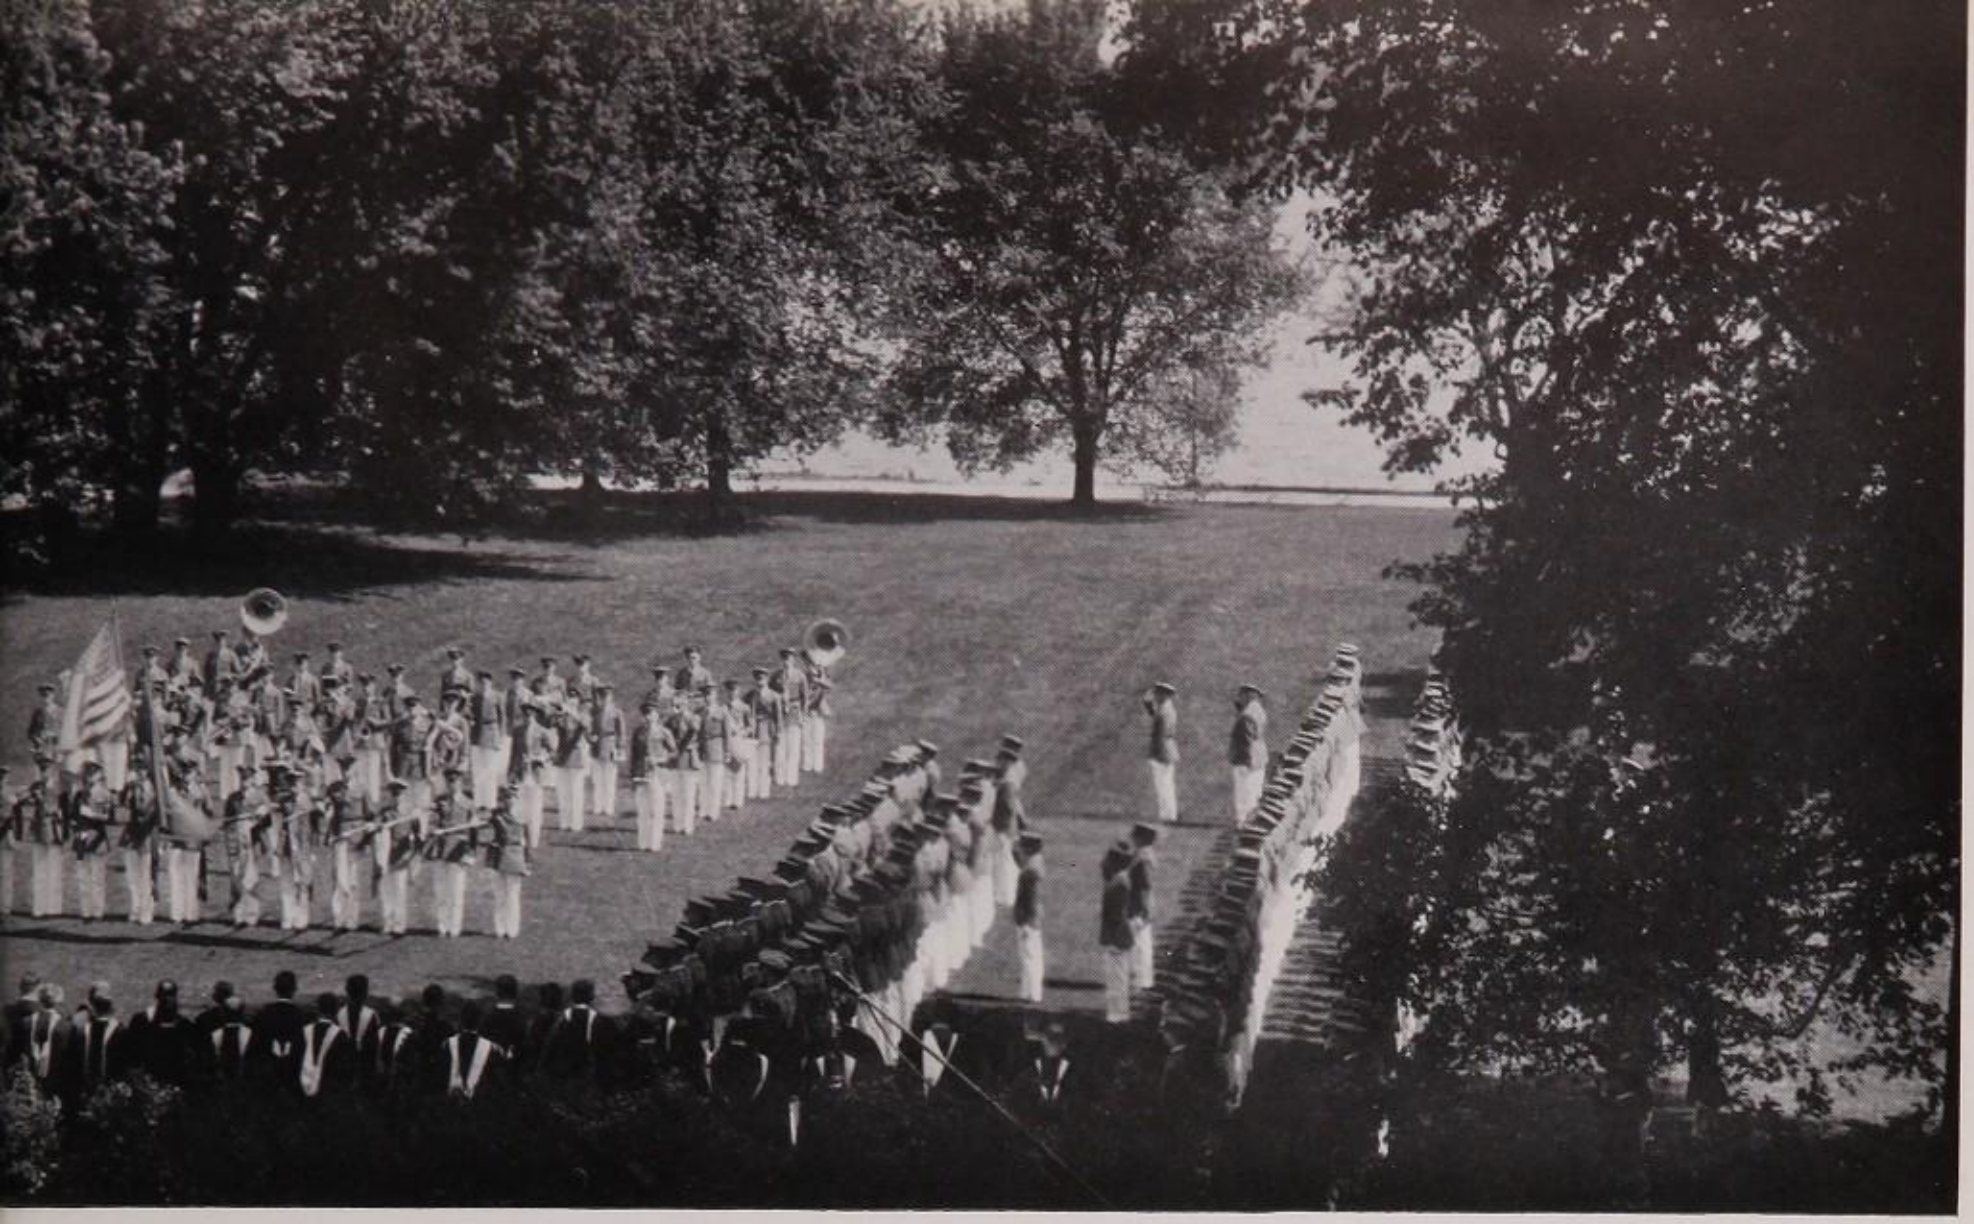
Also part of the traditional exercise, and enthusiastically adhered to, is the kissing of the senior captain's partner by the Commandant. Here Colonel McKinney does his duty as an officer and gentleman.

The final step of the ritual, and doubtless the most pleasureable for the couple involved, is the kiss of the regimental commander and girl. Following, the cadets turn



Final

The goal of our stay at Culver was graduation. It was for graduation that we toiled and struggled through the years which built us into men of the future and an outstanding first class. And now that goal has been reached. We are prepared to face the world at large, having passed, though not without backward glances through the Iron Gate, through the handshakes of the faculty, the congratulations of parents and guests, dimmed by a fog of memory and tears. It was not so much the thought of graduation; it was the thought of leaving Culver—and all that Culver represents to our minds: comrades, guiding hands, scenic beauty, and above all, that Culver spirit.



Formation

In memory we review the experiences, principals, and personalities we have come into contact with, and which have made a lasting impression on us. There is comfort in the thought that we leave Culver behind, but we bear away with us memories of Culver. These memories—dances, especially the final ball, parades, informal moments on the grounds and in the barrack with friends never to be forgotten, the comradeship of living together and working together —these are the impressions we take with us, out into a new world. Poignant though the remembrances be, they are pleasant ones, laden with jollity and pain-of-parting at once.
